### GOOD-BYE MR. LEITZE

It is with heavy heart that I take pen in hand to write about this month's biggest news story, i.e. the departure of Mr. Robert "Bob" Leitze from the staff of the Rush University Office of Student Financial Aid. One-half of the famous team of Bob and Carol (as well as one-quarter of the famous quartet Bob and Carol and Ted and Alice), Mr. Leitze joined the Student Support Services staff in the summer of 1976 as Director of Student Financial Aid, (one step down from Cockroach Control Coordinator on the list of "Thankless Jobs at RPSLMC").

Not one to buckle under in the face of adversity (not to mention no \$\$\$) the plucky Mr. Leitze (pronounced Lite-zee, but I call him Mr. "Leets") left no stone unturned in his search for new and better financial assistance for Rush students. He has spent countless hours providing financial counseling for the typical Rush U. student, (long on physical diagnosis - short on fiscal management), who constantly finds that his current funds minus his current expenses equals emergency loan. With his faithful companion, the charming Carol Silva, Bob has developed an Office of Student Financial Aid that is responsive, reliable, and equitable, and thus is held in high regard by students, faculty and staff.

In his spare time (ha! ha! ha!) Mr. Leitze has been attending law school and will graduate this January. At that time he and his family will be moving out east where Bob is scheduled to take the Bar Exam and will then join an established law firm in New Haven, Connecticut.

I know I speak for the entire Rush University family (including those of you who were lucky enough to have never met Mr. Leitze - because you didn't need the money!) when I say that we wish him best of luck with his new career and that we wish he and his family every happiness in their new home and that we wish most of all that he wasn't leaving.

THAT'S ENTERTAINMENT!

tgif tgif tgif tgif tgif tgif tgif tgif tgif

What's the matter bunky? You say you've been back  
at school all of four days and you're already 3 weeks  
behind in your reading assignments... and you're  
trying desperately to hold on to the 'holiday spirit'  
so you put a pine-scented "Stick-Up" in your locker

and now everyone starts humming "O Christmas Tree" whenever you walk into the room ... and the memory of your fabulous ski weekend in Colorado faded so fast that you almost caused an eight car pile-up when your cast got caught on the gas pedal ... and not only can you not remember who's party you attended on New Year's Eve, but it seems that most of what you learned Fall Quarter is also missing from your memory bank ... is that what's bothering you, kiddo?

Well leave those worries behind and join the Student Programming Board and the Office of Student Affairs as they present the first T.G.I.F. of 1979. This gala event is scheduled for this FRIDAY, JANUARY 5th and will start at approximately 3:30p.m. As usual, it will be held in the resplendent Schweppe Sprague Auditorium (home of the world's ugliest curtains), and all Rush University students and faculty members are admitted for free. Guests must make a donation of \$0.50.

Students with time to spare on Friday, who are interested in helping with "set-up" for this sorree are encouraged to contact Laurie McElligott in the Office of Student Affairs, Rm. 101 Schweppe Sprague Hall.

CINEMA CINEMA CINEMA ..... AND NOW THE MOVIES FOLKS!!!

"The funniest movie I've seen ....a consistent belly laugh" - Atlanta Journal & Constitution

"....the last word in western parodies ... it also punctuates the whole fantasy of movie making..."

Ray Loynd - L.A. Herald Examiner

"....an awesomely funny movie...in the tradition of burlesque and the Marx Brothers...bursts of lunacy from left field." Peter Schjeldahl - N.Y. Times

"....they sent me the wrong film, and it's too late to send it back." Laurie McElligott - University Film Committee

All these quotable quotes refer to the January offering of the Rush University Film Committee - Mel Brooks' "Blazing Saddles" which will be shown on FRIDAY, JANUARY 5, 1979 following the T.G.I.F. - at approximately 7:00p.m. in the Schweppe Sprague Auditorium.

Outrageous, uproarious and contagious comedy from Mel Brooks spoofing that great American tradition, the Western Movie. An outstanding cast features Cleavon Little as the railroad worker promoted to candidate for hanging and then to Sheriff of the town of Rockridge. It's one rock 'em, sock 'em laugh after another as the Indian Chief, Hedley Lamarr, Lilly Von Shtumpp and the Waco Kid take you through one of the funniest movies ever made.

WARNING: No one will be allowed to leave the theater during the infamous campfire scene.

As always, Rush University students are admitted free of charge. Faculty and guests must donate \$0.50 at the door.

#### GRAND OPENING ANNOUNCED

At last, the long awaited Rush University Student Recreation Center will open its doors to the student recreating public on FRIDAY, JANUARY 12, 1979 at approximately 3:00p.m. CST. Designed to provide a modest amount of on-campus recreational facilities, the Center currently features ping pong, pool, foosball, shuffleboard and darts as well as a number of popular board games. (We welcome suggestions and donations for future purchases!)

Located in the old Schweppe Sprague Lounge (just north of the auditorium on the first floor) the Center is restricted to Rush University students only and therefore an I.D. will be required for admission and equipment check-out. In order to monitor the use of the Center, we are in the process of hiring some Student Managers who will be in charge of the room and equipment during operating hours. We hope to hire enough Managers to staff the center from 3:00p.m. - 6:00p.m. a minimum of 3 days per week. Students who are interested in working as Managers are encouraged to contact Laurie McElligott in the Office of Student Affairs. Until such time as we have a sufficient staff, the Center will be open on a very limited basis. (So let's have some volunteers - Oscar!)

#### STUDENT PROGRAMMING BOARD

The Rush University Student Programming Board (SPB), that wonderful group that brings you the monthly T.G.I.F. as well as the fabulously successful Halloween Party, is in need of some warm bodies (not to mention some new ideas)

for the 1979/80 school year. We need students from every college and every program of Rush University and particularly the new folks (Junior Nursing & Med. Tech. and Phase I Medicine).

The Student Programming Board works closely with the Office of Student Affairs, ( a thrill and an honor that defies description, take my word for it) to plan and implement the events throughout the year which are funded by the Student Activity Fee. Unfortunately, several current board members are exhibiting signs of complete aphasia and it seems as though Marzano (Mark John) has dropped off into a vigil coma, (no one noticed it until yesterday) These people are obviously overworked and are desperately in need of some spunky new talent with new program suggestions!

Is that you?! Don't delay, sign up today. You can nominate yourself for a seat on the Board by writing your name and "Student Programming Board" on a 3"x 5" card (or on a piece of paper cut to look like a 3 x 5 card) and turning it in to the Office of Student Affairs, (there's that name again) by no later than FRIDAY, JANUARY 19, 1979. Elections will be held, if necessary, the week of January 22nd and in case of a tie the decision of the judges will be final.

WOOSH! SWISH!

Attention Ski Enthusiasts! The Student Programming Board is pleased as punch to announce its first cross country ski trip into the wilds of Wisconsin. The tentative date for this sporting event is the weekend of February 2nd and transportation will be provided by the Student Programming Board.

The specific details (where, what and how much?) were unavailable at press time, but we are considering places that feature both downhill and cross country skiing, snow mobiling, ice skating, sleigh rides and square dancing.

Once the final arrangements have been made, the Student Programming Board will have a table in the Student Lounge on the 7th level Ac Fac during the lunch hour, and will be able at that time to answer your questions, take your reservations and your deposit. Watch for the table (and more information the week of January 8th thru 12th.

"I know I speak for the whole school when I say that this sounds like great fun, especially the square dancing."

NEWS FROM THE BOOKSTORE

Welcome Back! For your post-holiday shopping convenience, the Rush Bookstore is pulling out all the stops and will be open extra early and extra late during the first two weeks of Winter Quarter. Beginning on TUESDAY, JANUARY 2nd and continuing through THURSDAY, JANUARY 11th, the Bookstore will open at 9:00a.m. and close at 3:00p.m. everyday but Saturday and Sunday.

The place to shop for all your "back-to-school" needs, the Bookstore will once again be the "Textbook Headquarters" for all Rush U. students - with "all the health care knowledge that's fit to print" available at almost "publisher to you" prices. Stocked to overflowing, the Bookstore is once again forced to use Rm. 118 (right next door) for the Nursing College texts.

As always, the Bookstore is also featuring its extensive line of top quality fashion sportswear selected with the Rush student in mind from the top couturier catalogs (by Ms. Ona, Bookstore fashion consultant).

EMPLOYMENTSummer Employment

Beginning this month and continuing through June, the University Office of Student Affairs in cooperation with Human Resources will be coordinating part-time and full-time summer employment opportunities for Rush students. As our office is notified of positions, we will post the vital statistics in the glass enclosed bulletin board on the first floor of Schweppe - - - across from the Bookstore. Watch there, beginning the end of this month for further developments.

Also, students interested in applying for a summer position with the Public Health Service (COSTEP) can pick up an application in the Office of Student Affairs (Rm. 101 Schweppe). The application deadline is soon - so don't delay.

Junior Nursing Students: Information about Summer Nursing Assistantships at RPSLMC, JRB and SRP will be available shortly. Watch this publication and your mailbox for further details.

### Career Fair '79

The fourth annual "Rush University Career Fair" will be held on MONDAY, JANUARY 22nd from 11:30a.m. - 4:00p.m. in the Schweppe Sprague Auditorium. Recruiters from a variety of health care agencies will be on campus to talk about nursing opportunities for students after graduation. Although the Fair is specifically geared towards the nursing students, the Office of Student Affairs (there's that name again!) invites all University students and faculty to stop by and chat with the representatives.

### FROM THE REGISTRAR'S OFFICE

The Office of the Registrar orders diplomas and helps prepare the program for the commencement ceremony in June. Each graduate's name and previous degree(s) appear in the commencement program. In early January, we distribute a form that indicates how we intend to print your name on the diploma and in the commencement program. Any degrees earned prior to entering Rush are also listed.

In addition, the Office of the Registrar prepares audits of remaining course/clerkship requirements for graduating students. These are also distributed in early January. If you have a question about your audit, please contact either Dr. Flanagan's office (medical students only) or Marnie Paul, Assistant Registrar.

HEALTH EDUCATION - ANCHOR

Tis the season for making resolutions and our friends in the Anchor Office think that on the top of everyone's list should be a resolution for better health in 1979. For all those whose robust holiday appetite's went uncontrolled for the last few weeks (maybe even longer), Anchor offers a course designed to teach behavior modification techniques which are the basis for successfully learning lifelong habits of comfortable weight control. Strategies for eating less without feeling deprived will be taught. So - - - If you really want to lose weight, if you are willing to work hard check out this innovative program. The requirements for class membership are:

- Serious interest in losing weight
- Agreement to spend on half hour per day on homework
- Payment of \$6.00 for textbook
- Deposit of \$25.00 for incentive to complete the course (Your deposit will be returned to you at end of the course upon completion of homework)
- Registration fee \$10.00 (This fee is waived for Anchor Members)
- Pedometer \$12.00 (optional)

To find out more about this unique method of losing weight, call your Anchor office at 942-6060 or attend the upcoming information and registration sessions to be held on:

SNEAK PREVIEWS FROM LRC

The Learning Resource Center regularly brings in audiovisual media for faculty to review. We would like student feedback on these "preview" programs, and encourage you to view any programs that might interest you. We will be keeping a list of these preview programs currently in the LRC and the inclusive dates for which we have them. This list will be posted on the brand new LRC bulletin board next to our circulation desk.

## C-O-M-M-E-N-C-E-M-E-N-T

G - DAY THE 9th OF JUNE

With that big day only a scant five months away, its time to start thinking about the "Final Days" (after which we "won't have you to kick around anymore"). The date for Commencement has been set - June 9, 1979 and the ceremony (which will take place in Orchestra Hall) will begin at 2:00p.m. Contrary to current rumor, each graduate crosses the stage individually and receives his/her diploma (providing all bills are paid and library books returned) from Dr. Campbell. A schedule of the commencement and surrounding days' events will be published as soon as it is finalized. In the meantime....

The Office of Student Affairs (there's that name again) will be organizing some of the related "pre-game" activities such as:

The Composite Photo

There will be a Graduation Composite Photo for each of the three colleges. The pictures will be taken by Marshall Studios of Chicago, 162 N. State Street (ST2-2462) - the traditional Rush U. composite people (they did it last year!) The cost to each student will be minimal (\$5.00) and will include four to six (4-6) proofs (from which to choose your favorite); a copy of the class composite (11" x 14" suitable for framing) and three wallet size black & white photos of your face - perfect for State Boards, National Boards, Specialty Boards or Dart Boards.

For your convenience, there will be a photographer on campus, snapping pictures from 9:00a.m. - 5:00p.m. on the following days:

TUESDAY, FEBRUARY 13th  
WEDNESDAY, FEBRUARY 14th  
THURSDAY, FEBRUARY 15th  
FRIDAY, FEBRUARY 16th  
MONDAY, FEBRUARY 19th

The Office of Student Affairs will begin making appointments for these on-campus photo sessions on Monday, January 22, 1979. (You MUST have an appointment - no walk-ins accepted!). So check your calendar now to determine which date and time is best for you. If none of the above dates are convenient, you should make arrangements to have your picture taken at the studio, downtown.

#### Measurement/Cap & Gown

Sometime during Winter Quarter the ladies from E.R. Moore & Co. will be on campus with tape measure in hand to get your vital statistics, (circumference of your cranium, etc.) . Watch your mail for exact time and place.

#### Invitations, etc.

Invitations to and Announcements of the 5th Rush University Commencement will be available through the Office of Student Affairs during the spring quarter. As in the past, we will ask each student to keep his number of guests within reason and we will try to provide extra invitations whenever possible. Order forms will be distributed during the early weeks of spring quarter.

#### Class Party Planning

It is the confirmed opinion of this writer that it is never too early to start planning a party and therefore the floor is now open for suggestions as to how you folks wish to commemorate this cutting of the tie that binds.

Students with ideas as to where, when and how this momentous event could be celebrated are invited to submit their suggestions (in writing) to the Office of Student Affairs (Rm. 101 Schweppe). All suggestions become the property of the Office and in case of a tie the decision of the judges will be final. People with suggestions involving garbage cans and grain alcohol or bottles of Mazola can keep their ideas to themselves.

\*\*\*\*\*

#### FINANCE

#### FROM THE OFFICE OF STUDENT FINANCIAL AID

ATTENTION: All students who have been contacted via the campus mail to come into the Financial Aid Office and sign promissory notes or other documents are reminded to complete this obligation immediately!!!

ALSO.....

The Marcus and Theresa Levie Educational Fund offers scholarships to Jewish men and women, legally domiciled in Cook County, who

have financial need. All eligible students in the Rush Medical College, College of Nursing, and College of Health Sciences are encouraged to apply. The application deadline is in FEBRUARY. If you have not yet applied, call the JVS right away to get application materials, at 346-6700, ext. 221 or write to:

SCHOLARSHIP SECRETARY  
JEWISH VOCATIONAL SERVICE  
1 SOUTH FRANKLIN STREET  
CHICAGO, ILLINOIS 60606

\*\*\*\*\*

#### HOUSING 1979/80

Once again, the University Office of Student Affairs will attempt to coordinate the housing opportunities for the students (present & future) of Rush University. Students (especially graduates) who will be leaving their current apartment are encouraged to list the vacancy with our office - especially those of you who live close by. The posting of all such vacancies, as well as any others, will be done in the glass enclosed case on the first floor of Schweppe Sprague Hall (across from the Bookstore).

Students interested in living on-campus for 1979/80 including current residents (so we know who is planning on staying) must file a University Housing Application which will be available February 1st in the Office of Student Affairs. Updated "Housing Information Sheets" will also be available at that time.

Students with questions concerning on or off-campus housing should feel free to contact the Office of Student Affairs, Room 101 Schweppe Sprague Hall, extension (942) 6302.

\*\*\*\*\*

"I NEVER DRINK.....WINE."

C. DRACULA

#### ATTENTION ALL RED BLOODED RUSH UNIVERSITY STUDENTS:

The week of January 8th through the 12th has been designated "Rush University Student Blood Drive Week" and the staff of the Rush Reporter as well as members of the Student Programming

"I Never Drink....Wine" - cont'd

Board would like to take this opportunity to encourage all of you to donate during this time.

The donating will be done with relative ease and comfort in the Blood Bank which is located in Rm. 404 in the Professional Building. Make sure that the Phlebotomist knows you are a student so that we can keep track of the number of gallon drums donated. To make sure that they are ready for you when you arrive, call ext. 6680 and make an appointment. Prior to the 8th of January, questions regarding eligibility to donate should be directed to this extension also. Remember, your donation guarantees complete coverage for you and your family (spouse, parents, children, in-laws, grandparents - but not Rover, sorry!) for one full year, anywhere in the United States.

Don't delay - make your appointment today - let's show these folks what kind of stuff the Rush University students are made of.

\*\*\*\*\*

#### NEWS BRIEFS

Here at Last, Here at Last, Lord Almighty - They're Here! At Last!

Attention all Nursing and Health Sciences students! The long awaited lockers are in finally, but in time for winter at any rate. Your assignment, locker number and combination, is waiting for you in the Office of Student Affairs (Rm. 101 Schweppe). You MUST pick up your assignment in person - NO phone requests will be honored. All of the new lockers are located in the west corridor on the 7th level of the Academic Facility.

Attention All Students

A hearty "close, but no cigar" goes out to those of us who planned on opening the new mailroom on January 2nd. The numbering system, (you can't tell one mailbox from another without a number") got lost in the mail and as a result there will be a slight delay in our Grand Opening plans. (We've cancelled the champagne & caviar).

However, this new system should be in operation very soon - watch your old mailbox for further developments.

Parking (yeech!)

In keeping with the downward trend of the parking situation here at the Medical Center, the daily rates for non-key card parkers (students & employees) has been raised to \$3.10 Happy New Year.

RECIPES FROM RENA'

Well, the holidays are over and you're probably tired of the elaborant dinners and warm eggnog. Hopefully you're not stuck with a lot of left over turkey, but if you are this Quiche might help you to get rid of some of it while allowing you to enjoy a tasty dish which won't keep you in the kitchen all day.

QUICHE LORRAINE

1 stick or $\frac{1}{2}$ packet of pie crust	4 eggs
12 slices bacon (about $\frac{1}{2}$ pound) crumbled	2 cups light cream
or turkey, cut into cubes to equal	$\frac{3}{4}$ t salt
$\frac{1}{2}$ pound	$\frac{1}{4}$ t sugar
1 cup shredded natural Swiss cheese (4 ounces)	$\frac{1}{8}$ t cayenne red pepper
<u>If you don't like Swiss, use Cheddar</u>	
$\frac{1}{3}$ cup minced onion	

Heat oven to 425. Prepare pastry for 9-inch One-crust pie as directed on package. Sprinkle bacon or turkey, cheese and onion in pastry-lined pie pan. With rotary beater, blend remaining ingredients; pour into pie pan. Bake 15 minutes.

Reduce oven temperature to 300. Bake pie 30 minutes longer or until knife inserted 1 inch from edge comes out clean. Let pie stand 10 minutes before cutting. Serve in wedges. 6 servings.

For lunch or brunch in the grand manner-a class do-ahead to assemble just before baking, to serve with asparagus, hard rolls and cake for dessert.

THAT'S  
ENTERTAINMENT!

T.G.I.F.

In keeping with that great "Ground Hog Day" tradition,  
the members of the Academic Support Services team (LRC,  
Library, BMC, Financial Aid, Registrar, etc.) will be

crawling out of their holes to serve up the goodies at the T.G.I.F. The festivities will take place in the resplendent Schwappe Sprague Auditorium, this FRIDAY, FEBRUARY 2nd from 3:30p.m. until the food runs out!

So crawl up out of your own hole, cast off that shadow (and those 6 more weeks of winter) and toddy on over to the February T.G.I.F.

### THIRD ANNUAL BROWN BAG EXTRAVAGANZA

Once again, the University Office of Student Affairs proudly presents a chance to add just a few more unwanted lbs. & inches to your waist and hips. That's right, it's time for the Brown Bag Extravaganza. For those of you who are new to the Rush U. scene, the B.B.E. was instituted two (2) years ago as part of a comprehensive immunization program designed to combat the mid-winter, mid-term munchies.

This will be a cooperative venture - with you folks providing the brown bag (sandwich yogurt, etc.) and Student Affairs providing the "extravaganza" (sinfully rich and fattening pastries plus beverage).

This year's Brown Bag Extravaganza will be held on MONDAY, FEBRUARY 12th from 12:00noon to 1:00p.m. in the Schwappe-Sprague Auditorium.

### AND YET ANOTHER UNIVERSITY NIGHT AT THE SYMPHONY

The fourth University Night Concert by the Chicago Symphony Orchestra will be presented on WEDNESDAY, FEBRUARY 14, 1979 at 8:00p.m. at Orchestra Hall, 220 So. Michigan Avenue. Erich Leinsdorf will conduct an all Wagner program including "Forest Murmurs" from Siegfried and Orchestral Interludes from Parsifal.

A limited number of tickets for this concert will go on sale at the Orchestra Hall Box Office after Friday, February 2, 1979.

### "DRACULA"

Direct from Broadway the Tony Award winning show "Dracula" will begin a limited Chicago area run

beginning FEBRUARY 7, 1979, and in an attempt to improve the cultural and educational horizons of our students, the Office of Student Affairs has secured a block of discount tickets.

That's right! without even leaving campus you can purchase \$9.00 balcony tickets (that's a discounted price, believe it or not) for the February 17th matinee performance of Dracula.

The Tony Award winning sets and costumes are fantastic. Over 30 feet high, the sets feature arches, niches and fireplaces, just a little bit larger than life. The sets are in black and white, with a touch of red in each scene. It's a gigantic illustration come to life.

Tickets are available, beginning today, from the Office of Student Affairs, on a first come first serve basis. Stop by Rm. 101 Schweppe Sprague Hall and place your order today. Payment will be required at time of order.

#### CURRENT HEALTH LEGISLATION

Mary Barton, OSR Rep.

Dr. Henry Foley administrator of the Health Resources Administration summarized HEW'S proposals for the direction of health manpower legislation as follows:

- reduction or possible elimination of capitation support to medical schools.
- reduction of size of medical student bodies over the next few years. (Medical school enrollments are at an all time high of 62,242 medical students in 124 medical schools - 4% increase over last year. First year students in the Fall 1978 totaled 16,530 - a 2% growth over the previous year.
- development of a grant program designed to increase the number of primary care personnel.
- extend and expand authority for educational assistance to the disadvantaged.

- Some recent regulations supporting these objectives:

- |   |          |
|---|----------|
| average 1977-78 expenses.....                             | \$9,260  |
| average tuition and fees.....                             | \$3,210  |
| average living expenses.....                              | \$5,610  |
| average 1968 debt burden.....                             | \$3,050  |
| average 1978 debt burden.....                             | \$10,450 |
| average anticipated debt<br>for first year students.....  | \$20,000 |

| Percent of seniors depending to some extent on loans..... | 51%      |
| " " " freshman " " " " " " " " .....                      | 56%      |

Seventy-three (73%) percent of respondents reported some degree of indebtedness (44% in 1968).

At least 15% of students anticipate debts greater than \$30,000.

Included is a chart of federal student loan programs, that is a good consolidation of information. Hope you find it helpful.

FROM THE LIBRARY

The library is now open at 7:00a.m., so lets get in here and make it worth our while, and yours. Another small adjustment has been made in the reserve policy, that being, that materials on reserve may now be checked out for over-night use at 3:30p.m. instead of the time wasting 4:00p.m. This time, however, there will be fewer exceptions to the policy.

We would also like to inform you of some upcoming changes in the layout of the library furnishings. During the next few months; the chairs by the circulation desk will be moved to another location, bookshelves will be moved (along with the books), and a few pieces of new furniture will be added. We apologize (in advance) for the inconvenience this will cause, and remind you that the library will remain in full operation.

For those of you with overdue books, there are no kind words except; P L E A S E return them so fellow students, faculty and staff can use them. We would hate to start a fine system like U. of I.

## VALENTINE'S TREAT

## Transfer Directions:

1. Apply transfer only on 100% woven canadian goose down (non-radioactive) or less than 65%-70% goose down and 30%-35% trs (for non-smokers only). With other fabrics the transfer tends to fall off in the washing machine or during light rain. If you never plan on washing the garment you may use any material you wish.
2. Test the fabric first by touching the tip of the iron to an inconspicuous spot (we suggest the pit area) to make sure it can take the heat. If the material turns black or melts the material has failed the test and you should turn its' anonymity number in to the Registrar's office immediately.
3. With your Mr. Snippy or your dull edged scissors, carefully cut out the transfer and place it face down on the fabric.

4. Spread a liberal amount of adhesive on the back of the transfer and then carefully turn the transfer right side up. The glue should now be positioned between the fabric and the transfer - if it isn't - go back to step #2 and try again.
5. With the iron set carefully on "OFF" place the iron over the transfer and "apply direct pressure" for 4.5 minutes. Be very careful about excess adhesive which may seep out when pressure is applied. This may cause the iron to become attached to the fabric making for a very heavy garment. If this does occur - go back to step #2 and try again.

#### FRESHMAN - SENIOR TUTORIAL

This year the Rush Medical College of Alpha Omega Alpha is again sponsoring a Freshman-Senior Tutorial. In this program freshman and a senior student tutor meet weekly for an interchange of ideas and learning experiences. There will not be an attempt to teach pathophysiology or physical diagnosis, but rather to give the freshman a sampling of medical student life in the clinical years. Since there is no grading or evaluation involved the students are free to choose a variety of activities. Some groups plan hospital tours, practicing interviewing skills or review diseases from the point of view of altered physiology.

The excellent and enthusiastic response from the seniors has allowed the groups to be small; three freshman per tutor. Even though the program has begun any freshman who is still interested may contact the co-chairpersons:

Kathy Kelley	829-8165
Ann Flannery	733-5589
Marc Silver	225-3013

#### A VISIT FROM KNOX

Students from Knox College will be visiting Rush on FRIDAY, FEBRUARY 9, 1979 from 11:00a.m.-4:00p.m. Students visiting are prospective nursing and medical technology students and they would like very much to talk to Knox students now in these programs.

If you'd like to help out with the visit (give a tour,

eat a lunch) please contact:

BARB SCHULTZ, ext.5099  
Rm. 101-Schweppe  
Office of High School &  
College Relations

by no later than TUESDAY, FEBRUARY 6th. There will be a visit by students from all affiliated campuses on APRIL 27, 1979 and we'll be requesting volunteers for that visit sometime in March.

#### NEW APPOINTMENTS

##### WILLIAM C. WAGNER, Ph.D.

Bill Wagner joined the staff of Rush University in January as the Assistant Dean for Student Services. In his new position at Rush, Bill will initially be responsible for the development and management of the University Offices of Student Affairs and Student Financial Aid. He will be working closely with staff in each of the Colleges to help meet a wide range of co-curricular student needs. Bill came to Rush after five years at the University of Illinois at the Medical Center, as Associate Dean for Student Services and Director of Financial Aid. He is a graduate of Lawrence University, one of Rush's affiliated colleges located in Appleton, Wisconsin. He received an M.A. in College Student Personnel and a Ph.D. in Higher Education Administration from Michigan State University. Bill is located in Rm. 101 Schweppe Sprague Hall, extension, 6302. Please take a moment to come by and welcome Bill and to introduce yourself.

##### MARILYN A. JOHNSON, Ph.D.

In late January, Marilyn Johnson joined the University staff as Director of the Student Counseling Center. She will have responsibility for developing and operating the Student Counseling Center and will be working directly with students to provide personal, social, and emotional counseling and in developing related activities, such as support groups and other preventative programs. Marilyn has been at Syracuse University as an Assistant Professor in the School of Education since 1976. She received her B.A., M.S. and Ph.D., which is in Counseling Psychology, from the University of Pennsylvania. Marilyn will also hold an appointment as Assistant Professor in the Department of Psychology and Social Sciences. Much of her research

has been in the area of effects of client gender on psychotherapy. Marilyn's office is located on the 8th Floor of Schweppe-Sprague Hall in Room 840. Her telephone number is extension 5817. Marilyn is anxious to meet you and to talk about ways the Student Counseling Center can provide the services which you need. Drop by to see her or set up an appointment.

#### RECIPES FROM RENA'

Because of the high price of meat these days, we're all going to have to cut down on our meat purchases. Rena' is going to give you a helping hand with some tasty meatless recipes that are "mainstays without meat".

##### MEATLESS LASAGNE

2 cartons (12oz. each)  
creamed cottage cheese  
(small curd)  
  
1c. grated Parmesan cheese  
1T. dried parsley flakes  
2t. salt  
1½t. dried oregano leaves  
8oz. uncooked lasagne noodles  
3c. shredded mozzarella cheese

##### LASAGNE SAUCE

2 cans tomatoe sauce (15oz. each)  
1 can whole tomatoes (16oz.)w/liquid  
3 cans mushroom stems (4oz. each)  
and pieces (with liquid)  
1 medium onion, chopped=½c.  
2T.sugar  
2T.dried parsley flakes  
1t.salt  
1t.dried basil leaves  
1 clove garlic, finely chopped

Prepare the Lasagne sauce. Mix cottage cheese, ½c. of the Parmesan cheese, the parsley, salt and oregano; reserve.

Cook noodles as directed on the package; drain.

Heat oven to 350°. Reserve ½c. sauce. Layer 1/3 each of noodles, remaining sauce, mozzarella cheese and cottage cheese mixture in ungreased lasagne pan, or baking pan. Repeat 2 times. Top with the reserved sauce; sprinkle with the remaining Parmesan cheese and bake uncovered for 45min. Let stand for 15 minutes to cool, makes 12 servings.

HIGH  
FINANCE

FROM THE FINANCIAL AID OFFICE:

JOSEPH COLLINS FOUNDATION SCHOLARSHIP

The Joseph Collins Foundation has announced that applications will be accepted for their scholarship program, which provides a maximum \$2,000.00 grant to deserving medical students. The following factors are the criteria the Trustees of the Foundation consider in making awards:

1. Financial need
2. Scholastic record
3. A demonstrated interest on the part of the applicant in the arts and letters or other cultural pursuits outside the field of medicine.
4. An indication that the applicant intends to consider specializing in neurology, psychiatry or becoming a general practitioner.

Only one applicant will be selected from the students of Rush Medical College. If you are interested in applying, contact Carol S Silva, Director of Student Financial Aid (Room 101 Schweppe Hall). The application deadline is MARCH 1979.

1979-80 Financial Aid Applications

Financial Aid applications for next year and the revised Student Financial Aid Handbook will be distributed to the mailboxes of all currently enrolled students early in March. The application deadline is MAY 1, 1979, which means that all applications should be mailed to the respective processing agencies by APRIL 1st so that the results will be received in the Financial Aid Office by the March 1st deadline. Remember that applications for financial aid must be resubmitted each and every year in which aid is being requested.

Students at Knox and Grinnell will receive their application materials when the Director of Student Financial Aid, Carol Silva, makes a visit to their campuses later in March.

LAST DAY FOR UNDERGRADUATES  
IN NURSING TO DROP A COURSE

MONDAY, FEBRUARY 19 thru  
TUESDAY, FEBRUARY 27

SPRING QUARTER - REGISTRATION  
Colleges of Nursing & Health  
Sciences ONLY

There is NO registration for medical students. Bills will be sent to your local address approximately three weeks prior to the beginning of Spring Quarter.

Just prior to registration the Office of The Registrar will distribute class schedules and registration cards to the Colleges of Nursing and Health Sciences. We plan to list the section assignments for undergraduate nursing students in the class schedule. There will be no separate sheet for section assignments.

MEDICAL STUDENTS: Please remember to check out before taking a clerkship off campus or graduating. We often find it difficult to locate you to send you information regarding commencement.

Any student who intends to take a quarter off or leave of absence should contact the Office of Financial Affairs, Room 101 Schweppe Sprague, to arrange for continued coverage under Anchor and Blue Cross. If you neglect to contact that office, you will automatically be dropped from both medical plans.

OUR APOLOGIES FOR AN ERROR.....

In the great "Rush University will never close" tradition, the Rush Reporter was inaccurate in its listing of the senior nursing students on the Dean's List. A profuse apology goes out to BETH HIRSCH, whose name was inadvertently omitted from the list of those students who achieved a 3.5 or better for the quarter.

NEWS FROM THE BOOKSTORE

The Rush University Bookstore proudly announces yet another addition to its already comprehensive line of school supplies.

STUDENT NURSE ASSOCIATION NEWS\*\*\*\*\*

Are you concerned about such issues as the validity of test questions, the quality of clinical instruction, grading policies, the quality of lectures, and the curriculum content? If so, be sure to come to the panel discussion regarding these issues.

Currently scheduled to participate on the panel are Linda Simko, Sandra Shelley, (who will be the new Acting Dean of the Undergraduate Program) and Jan Snow, educational coordinator of pediatric nursing. The results of our survey will be announced and discussed. Incidentally, the Student Nurse Association would like to thank everyone who took the time to participate in our survey and we hope that you will participate equally well in the forum, voicing your questions and concerns there.

Everyone is welcome to attend including all students, faculty, and administrators. The forum will be held:

DATE: Monday, February 19th  
TIME: 12Noon to 1 p.m.  
PLACE: ROOM 317 Schweppe

\*\*\*\*\*

The annual convention of the Illinois Student Nurses' Association will be held March 29th through April 1st in Peoria. Any nursing students interested in attending, please contact Patty Caraway or Sue McCoskrie.

Student Nurse Association would like to encourage junior nursing students to come to our meetings and take part in our activities. We especially need juniors interested in becoming officers next term so that SNA will continue to function next year as a vital student organization. Our meetings are usually held every Monday at noon in Schweppe-Sprague and all nursing students are welcome.

M. CARROLL

Well, one glance at my social calendar proves, beyond a shadow of a doubt, that it takes more than a little snow, no place to park, four tests a week and a historical reenactment of the Post-Civil War Reconstruction Period to keep Rush University from its duties as "HUB" of the West Side community.

The month of March abounds with a veritable potpourri of activities ranging from the ever popular - spring break to the never popular - final examinations. (Not to mention two, count them, two T.G.I.F.'s.)

So throw off those winter woes, that mid-term malaise, the drip, drip, drip of acid indigestion and the heartbreak of psoriasis and fling yourself into spring!

#### SOCIAL CALENDAR

THAT'S  
ENTERTAINMENT!

T.G.I.F.(s)

For the first time in the long illustrious history of the Student Programming Board (and ol' Rush U.) there will be two T.G.I.F. parties in one month. That's right, just about the time you've recovered from the first it will be time for the second. (What a gay, mad, social whirl these future health professionals are caught up in.)

The first of these social spectaculars will be held on FRIDAY, MARCH 2, 1979 in the seldom functional but always traditional Schweppe Sprague Auditorium. The Graduate Student Association of the College of Health Sciences has valiantly offered to man (and woman) the liquid refreshment centers. (We have proof that this group can take it, let's see if they can dish it out, as well!)

The second T.G.I.F. will be held on FRIDAY, MARCH 30, 1979 and as we go to press, this soiree is still in need of sponsorship. Certainly, within the vast readership of this embodiment of journalistic perfection there is some group willing to accept this yoke of responsibility. I would hate to have to cancel the festivities for lack of a work force. (Interested parties are encouraged to contact the Office of Student Affairs, Rm. 101 Schweppe, Ext. 6302).

CINEMA      CINEMA      CINEMA      CINEMA      CINEMA      CINEMA

Immediately following the MARCH 30th T.G.I.F., the Office of Student Affairs will present "OH GOD!" the Film Committee selection for Spring Quarter.

Comedy genius George Burns teams with America's sweetheart John Denver in this box-office blockbuster. OH GOD! is a fancifull adventure in humor and humanity. It tells of God coming down to Earth (not as a CV surgeon - as we all might have thought) but as George Burns. The person he picks to help him straighten out mankind is the assistant manager of a supermarket - JOHN DENVER (far out!). "Needless to say there are plenty surprises" (I copied this line from the film book!)

The movie will be shown in the Schweppe Sprague Auditorium at 7:00p.m. on the 30th. Rush University students, as always, will be free and guests will be asked to make a \$1.00 donation.

#### COMMENCEMENT INFORMATION

Seniors.....the end is near! It's time to start preparing for this departure into another realm, watch this tabloid and your mailboxes for further information.

MEASURE FOR MEASURE: Attention all Graduates '79! The world reknown E.R. MOORE COMPANY ("Mortarboard Manufacturers to the Stars") will be on-campus WEDNESDAY, MARCH 14, 1979 to get Y O U R vital statistics. This measuring of height and head will take place in the Student Game Room - - right next to the Ballroom and will run from 10:00a.m. until 5:00p.m.

The resulting ensemble will be your basic black flowing robe and matching square chapeau with the ever stylish black fringe tassle (which should be worn jauntily to the left). This tassle

Measure for Measure-cont'd

will be yours to keep, free of charge, (all caps & gowns must be returned after the ceremony) and should be displayed properly from your rearview mirror no later than June 10, 1979 (so take down those foam rubber dice!).

No appointment is necessary for cap & gown measuring! The measuring only takes 30 seconds and this will be your only chance to be measured by an authentic E.R. MOORE-ITE. There is no charge for the measuring and no rental fee for the gowns - - - so plan your schedule accordingly and drop by the Game Room anytime between 10:00a.m. and 5:00p.m. on WEDNESDAY, MARCH 14, 1979.

COMPOSITE PHOTO: Attention All Seniors '79. Those of you who had your picture taken on campus should be receiving your set of proofs, through the mail, within the next few weeks. When the proofs arrive, you simply indicate (an "X" on the back of the proof will do-use a ballpoint) which proof you like the best and return ALL of the proofs by mail to the photographer. Please return the proofs as quickly as possible so as not to delay the delivery of the composites.

Those students who have not as yet had their picture taken have until FRIDAY, MARCH 16, 1979 to do so. As the photographer will not be returning to campus with his camera, you must make an appointment with the studio downtown. The cost of the composite will remain \$5.00. The number for Marshall Studio is 782-2462.

"RING AROUND THE COLLEGE - RING AROUND THE COLLEGE": Orders for Rush University and Rush Medical College rings are now being accepted in the Bookstore. Rings come in white gold, yellow gold, and palasil (shiny silver finish) and sample rings are available for viewing in the Bookstore. A deposit is required at the time you place your order (all mens rings require \$50.00 deposit, womens rings require \$25.00).

For students in the Medical College the caduceus may be encrusted into the stone for \$6.00 above the initial cost of the ring (this cannot be done on faceted stone!) Gold RMC rings will cost approximately \$100.00 this year due to an increase in gold prices. For further information contact the Bookstore:

HOURS:

10:00a.m.-2:00p.m.  
MONDAY thru THURSDAY

THE MATCH GAME

"MAY I HAVE THE ENVELOPE PLEASE....."

And the winners in Chicago will be the Rush Medical College Class of 1979 when the results of the National Intern and Resident Matching Program are released on WEDNESDAY, MARCH 14, 1979. This future shaping event will take place in the Office of Dr. Flanagan, Associate Dean, Curriculum and Evaluation at precisely 11:00a.m. (high noon EST).

AND IMMEDIATELY FOLLOWING THE RESULTS....

There will be a very important "last" class meeting at 11:15a.m. (approx.) - for ALL Rush Medical College Graduates of 1979. The topic of discussion is the fabulous plans for the CLASS PARTY as well as voting for the faculty/student awards which will be given on Commencement Day. We will also discuss other issues pertaining to graduation, i.e., schedule of the days' events, tickets, alumni dinner, etc. (please bring your 2¢ with you, the meeting will be in the Schweppe Sprague Auditorium).

AND IMMEDIATELY FOLLOWING THE CLASS MEETING....

There will be a little feast (tankards of ale, legs of mutton, roast boar, etc.) to celebrate the beginning of the end. The Class Meeting and the Feast will both take place in the Schweppe Sprague Auditorium and ALL Rush Medical College Graduates of '79 are encouraged to attend.

\*\*\*\*\*

FROM THE REGISTRAR'S OFFICE

All Graduating Students:

The Registrar's Office completes all board and licensure applications. This office also handles transcript requests for work completed at Rush. Course work done at other institutions does not appear on your Rush University transcript. There is NO FEE for these services but we must have written consent to release your transcript.

If you wish to retain Anchor and/or Blue Cross coverage you must contact the Office of Financial Affairs (Rm. 101 Schweppe) and pay fees before graduation. You may extend your Anchor and/or Blue Cross policy through September 30, 1979. Coverage is extended only through June for students who do not choose this option.

Attention Phase III Graduates '79:

The Registrar's Office wants to buy, used, (and CLEAN) white jackets from departing Phase III students. We are willing to give Y-O-U \$2.00! cold cash! on the spot for each jacket. Granted, this may sound like a measly sum, BUT when you consider that it's probably more than the jacket is worth, it's a great deal, right?! If we can acquire enough jackets, we will be able to sell them to new Phase III students this summer for the astronomically low sum of - you guessed it - \$2.00.

Mini-Course Registration:

Phase I students should have completed mini-course registration. If you have neglected to do so, come to the Office of the Registrar IMMEDIATELY. Other students may be able to take mini-courses. Information on the availability of courses will be posted in the Office of the Registrar.

FROM THE LIBRARY

CHANGES!!! CHANGES!!! Slowly, but surely, the Library is changing. Some changes are visible; others are not. The visible ones are: the addition of two Xerox machines, one on the fifth floor and the other on the seventh floor, and a new Reference Desk close to the entrance. You will find a Reference Librarian sitting there from 10:00a.m. to 5:00p.m. to answer your questions and help you find what you need. Try us and see!

Other changes, not visible, are in the card catalog. Now, all books, both those on order as well as those already on the shelves, are listed. Of course, if what you want is neither on order nor on the shelves, you can still fill out a request to purchase. We take all requests seriously, because we want the collection to support your teaching and research.

There are more changes in the offing. Come by and see. What has not changed is the pleasant, comfortable and the smiling, helpful staff. Visit the Library soon!

NEWSFLASH! NEWSFLASH!  
STUDENT STEERING COMMITTEE BEGINS TO REVIVE FROM 2-YR. COMA!

Thanks to the concerted interventions from Junior Ad Hoc Committee members Meg Mulvihill, Diane Todd, Judy Berner, Dave Barrett, Kevin Wirth and Bob Maurer; Senior team members Sheree Gollay (Sr. Steering Committee Rep.) and Pat Caraway (SNA); Graduate Student Rep. Debbie Reynolds; and with the guidance of Linda Simko and Frank Lamendola, RN, T/P, the Student Steering Committee has shown signs of increased level of consciousness and improved neurological status.

The plan was to revitalize the old constitution with some new amendments. This has since been done. The evaluation will come from you, the student body, in a forthcoming vote early next quarter. The Steering Committee can live with your support and interest. Let's keep it alive!!!

MONTHLY PASS PROGRAM OFFERED BY CTA

The C.T.A. is offering a monthly pass program to employees in the Chicago Metropolitan area. The Medical Center has reviewed this program and believes it will benefit many of our staff and students.

As a result, C.T.A. monthly passes for the month of March, 1979 and continuing monthly thereafter (until further notice) will be sold through the Cashier's Office on 1-Pavilion for employees, staff and students (identification card or name badge must be presented at time of sale).

The monthly pass sells for \$25.00 and is good for unlimited use on the C.T.A. system only during the month for which it is issued. There is a potential cost savings factor in this monthly price for riders who normally purchase transfers or for riders who use the C.T.A. on scheduled off days in addition to workdays.

Passes will be sold by the Cashier's Office on a first come, first serve basis with all sales being made in cash only (no checks).

Passes go on sale one (1) week prior to the month for which they are issued, and are not sold after the last calendar day of the month preceding that for which the pass is issued.

FINANCEFROM THE OFFICE OF FINANCIAL AFFAIRS

Tuition and fees are due on the first day of class, March 26, 1979. The Office of Financial Affairs will mail bills for Spring Quarter on March 5, 1979. The tuition rates are:

UNDERGRADUATES:

Full-time \$1,050.00

GRADUATES:

Full-time \$1,250.00

Part-time (less than 12q.h.) \$ 110.00(per qtr.hr.)

MEDICAL STUDENTS:

Phase I thru Phase III \$1,875.00

Phase IIIIG \$1,500.00

From The Office of Financial Affairs-cont'd

Bills reflect your registration as of February 27 (Colleges of Nursing and Health Sciences). Part-time students who change their registration after that date must contact the Office of Financial Affairs to arrange for additional payment or refund.

Satisfactory arrangements for payment of tuition and fees may be accomplished by one or a combination of the following three courses of action:

1. Payment in full.
2. Filling out a deferred payment plan form that splits your balance into three monthly payments.
3. Filling out a late Payment Request Form available in the Financial Aid Office, indicating that you have applied for and are currently awaiting financial aid that will cover your balance in full.

You must take one of the above courses of action each quarter. Once you have made satisfactory arrangements for payment of tuition and fees, the Office of Financial Affairs will validate (stamp) your I.D. card for the new quarter. REMEMBER! TUITION AND FEES ARE DUE BY MARCH 26TH.

Insurance:

Students may change their coverage by contacting the Office of Financial Affairs, Rm. 101 Schweppe Sprague Hall. Blue Cross and Anchor open enrollment will be the first week of class. If you desire a change in coverage, you must make the change during the first week of class; no changes will be accepted for the Spring Quarter after that week.

The current Anchor/Blue Cross rates for enrolled students are:

	BLUE CROSS	ANCHOR
SINGLE (per quarter)	\$33.00	\$ 0
COUPLE (per quarter)		\$40.00
FAMILY (per quarter)	\$151.00	\$100.00

CURRENT HEALTH LEGISLATION

by Mary Barton, OSR Rep.

1. The Liason Committee on Graduate Medical Education (LCGME) has approved changing the current designation for graduate medical programs from Categorical, Categorical\*, and Flexible to and Mixed.

Categorical designation for those embarking directly upon specialty training. This training may be totally in one discipline or a mixture of educational experiences at the discretion of the program. All settings, however, must be in programs accredited by LCGME.

Mixed designation is limited to institutions which have accredited programs in internal medicine and at least two other accredited programs from among family medicine, OB/GYN, pathology, pediatrics, radiology, and surgery. Three quarters of the year must be done

educational settings directly supervised by faculty from accredited specialty programs. The remaining quarter may be in settings developed by the program director and approved by an institutional committee composed of at least representation from the provider program. Most of the experience must be in settings where transitional year residents are in immediate contact with senior residents of the particular specialty.

2. The Joint Commission on Accreditation of Hospitals (JCAH) has established a new four-level guide for hospital emergency room accreditation:

LEVEL I: 24 hour comprehensive emergency care with at least one physician experienced in emergency care on duty in the ER area with in-hospital physician coverage in medicine, surgery, orthopedics, OB/GYN, pediatrics, and anesthesiology. Other specialty consultation must be available in 30 minutes.

LEVEL II: 24 hour emergency care with at least one physician experienced in emergency care on duty in the ER area and specialty consultation available within 30 minutes by members of the medical staff or by senior level residents.

LEVEL III: 24 hour emergency care with at least one physician available in the ER area within 30 minutes through a medical staff call roster. Specialty consultation shall be available by request.

LEVEL IV: reasonable care in determining whether an emergency exists, the rendering of life-saving first aid, and the appropriate referral to the nearest capable facilities.

3. Age Discrimination Act permits an individual aggrieved by an alleged act of age discrimination to institute a court action after exhausting administrative remedies (or 180 days after filing an administrative complaint if the agency or department has made no finding with regard to the complaint.) The ban on age discrimination cannot take effect before 7/1/79. Regulations have not yet been published.
4. The new presidential budget FY 1979 - includes the following recisions for health programs.
  - decrease \$68 million for MOD-VOPP capitation (Medical-Osteopathy-Dental-Veterinary-Optometry-Podiatry-Pharmacy)
  - decrease \$10 million for the Health Profession Loan Program.
  - decrease \$84 million from emergency medical training.

1980 Proposals include the following changes:

- elimination of capitation and Health Profession Loan funding.
- increase National Health Service Corps Scholarship by \$5 million.
- increase \$137 million for funding of preventive health programs.

-\$194 million for programs aimed at reforming the health system.

These are all presidential proposals and are subject to committee changes and approval by the House and Senate within 45 Congressional working days of the President recision request.

#### ANCHOR ANNOUNCES THE CONTINUATION OF WEIGHT LOSS PROGRAMS

Watch out! Farrah. Anchor Organization is continuing and expanding their weight loss program AND has begun an exercise group.

Now is the time of year when we all think of spring and summer, beaches and swimming suits, those rolls around our midriffs that collected during the winter months, and how - on earth, we're going to get rid of them. Anchor is offering an exercise class to help you start your own fitness program. They start out slow and easy with various exercises and build as you go along. They'll talk about various exercises and maintaining a program when the class is finished and you are on your own.

Space is limited so it's first come first served! The class will meet every Monday, Wednesday and Friday for six weeks. Join them - just bring yourself and some old clothes.

WHEN: MONDAY, MARCH 5, 1979                      WHERE: 1255 JELKE  
12:00p.m. - 1:00p.m.

If you have any questions, please contact Cindy Destiche, Ext. 8092, or Dee Provenzano, ext. 5888.

In addition to the exercise class, and a Spring weight-loss class they are offering another class. Now, there is a Saturday class, for all who claimed to be too busy during the week - what's your excuse now??? Learn how to control that ravenous appetite!!! Behavior modification techniques are the basis for successfully learning lifelong habits of comfortable weight control. Strategies for eating less without feeling deprived will be taught. To find out more about this unique method of losing weight call your Anchor office (942-6060) or come to the next information and registration session on:

SATURDAY CLASS:                      Saturday, March 3, 1979 at 10:30a.m.

Word has just reached our Editor's desk that our roving reporter, Terri Ann St. Luke's has encountered some difficulties.....

While checking out some new attractions for the Rush University Game Room, at "Old Chicago" Amusement Park, Terri Ann St. Luke's was thrown from the "Chicago Loop" roller-coaster and plunged into the snowcone machine. The process of cryogenics set in instantly - - - alas dear readers, Terri Ann was frozen!

In a valiant effort, the Bolingbrook paramedics yanked her out of the cherry syrup and attempted resuscitation, but unfortunately, it was to no avail..... Terri Ann had been turned into a popsicle!!!!

Looking at the brighter side of this event, however, The National Association of Popsicle Lovers announced today that their annual convention and exhibit will be held in Bolingbrook. The Mayor and Chamber of Commerce in response to the Popsicle Associations' announcement acted gallantly in choosing our Terri Ann to reign over the festivities. She has been crowned "Bolingbrook Popsicle Princess" and her frozen body will lie in state beneath the rotunda of Old Chicago.

All interested Rush students are encouraged to attend the festival and visit our beloved Terri Ann beneath the Golden Dome. In the meantime, the Council on Reverse Cryogenics has been contacted and are investigating the possibility of bringing Terri Ann back to us. Look to this tabloid for further information.

### Recipes From Rena'

Since the popularity of box cake mixes has taken over people are no longer baking "scratch" cakes. This month I'm giving you a old family recipe, so take some time, get out those old baking utensils you haven't used this year and celebrate the coming of good weather with a delicious old fashioned pound cake.

1 Box Powered Sugar  
1 lb. Butter  
6 eggs  
3 cups Flour (Cake Flour)  
Vanilla or/and lemon flavoring (I use both)

Cream butter and sugar, add flour gradually  
Mix after each addition  
Blend all ingredient thoroughly.  
Now add eggs one at a time

Cook 1 hour and 15 minutes on 350°

If your oven cooks fast bake the cake on 325°

Editors Note: Due to the sudden untimely passing of Ms. St. Luke's the Rush Reporter has been caught, (as we of the world of journalism like to put it) with it's front page down. Until such time as we are able to find a reasonable facsimile for Terri ann. (We are conducting an exhaustive talent search throughout the medical center, especially the Laurence Armour Day School.) We will fill the void with some of her more memorable past columns. These columns although they may be somewhat dated in content are universal in scope, timeless in appeal, perennially tasteful - - - - and all your gonna get!!!

\*\*\*\*\*

The staff down here at the old Rush Reporter and this reporter in particular, are always "pleased as punch" when we find ourselves in a position to provide our readership with a scoop. Therefore, you can imagine how thrilled we are to let you folks in on the ground floor of what promises to be the best real estate buy on the west side of Chicago. No - - - it's not low price loft space in Alden's .....it's

A BIT OF NEWS FROM THE BOOKSTORE

This is a rerun of our return policy as we start the new quarter:

- NO refunds after ten (10) days
- NO refunds without sales receipt
- NO paperbacks under \$10.00 may be returned
- NO refunds on supplies unless they are defective
- NO refunds on review books or reprints regardless of the price

Books returned must be in excellent condition. (NO names in books or underlining will be accepted.) Our "refund policy" is located on the counter and on a poster next to the counter.

SENIORS IN NURSING & HEALTH SCIENCES - PIN ORDERING will take place in RM.118 S. S. on TUESDAY, APRIL 10th from 12:00noon until 1:00p.m. Students in the College of Nursing and College of Health Sciences that are eligible to march in the June Commencement may order these pins to mark the completion of their respective program. Students who place their orders on that date (order must be accompanied by full payment) will be assured of receiving their pins by graduation. Any students who wish may order after that date in the Bookstore, but may not receive their pin by graduation. The following pins are available and samples are on display in the Bookstore. All pins are double gold-filled and will carry initials (up to three) and year of graduation on the back:

PRICES

Seniors in Nursing	\$21.00
Graduate Nursing Students	\$13.55
(For purchase of a guard which can be attached to the pin from their respective baccalaureate Program)	
Seniors in Med. Technology	\$19.60

Any student wishing to purchase a "1979" year guard may do so for the amount of .....\$ 1.75

Pins may take as much as seven (7) weeks to be ready and are expected to arrive during the first week of May. Watch this tabloid regarding a date for picking up your pin.

HOUSING 1979-80

Once again, the University Office of Student Affairs will attempt to coordinate the housing opportunities for 1979-80. Students (especially graduates) who are leaving their current apartment are encouraged to list the vacancy and/or realtors name with our office. The posting of all such vacancies as well as many other housing opportunities will be done in the glass enclosed case on the first floor of Schweppe Sprague on the wall across from the Bookstore.

The on-campus housing picture looks much improved over recent years. The Office of Student Affairs will inform all current Rush students (including current residents) as to the status of their application as soon as possible - sometime during the next few weeks - hopefully.

Reminder: All current residents of Schweppe and Kidston MUST file a 1979-80 University Housing Application by no later than MONDAY, APRIL 2, 1979 to be considered for on-campus housing next year.

FROM THE REGISTRAR'S OFFICE

Colleges of Nursing and Health Sciences: Undergraduates

The Office of the Registrar has requested summer school schedules from local colleges and universities. These schools offer programs of varying length, with day and/or evening class times. The schedules should start coming in any day now. Keep checking with us.

If you wish to receive credit toward your Rush degree for course work completed elsewhere over the summer, pick up a "Transfer Credit Approval" form. Fill out the form before attending summer school. After completing the course with a grade of "C" or better, have an official transcript sent to the Office of the Registrar at Rush. The credit hours will be noted on your transcript. The grade is NOT calculated into your Rush grade point average.

Graduation Honors: Undergraduate students are eligible to graduate with honors, either cum, magna cum or summa cum laude. Honors are based upon six quarters of Rush course work. They are announced during the commencement ceremony and appear on the diploma. To graduate cum laude, you must have a cumulative G.P.A. of 3.4 to 3.59; for magna cum laude, 3.6 to 3.79; and for summa cum laude 3.8 or higher.

Rush Medical College: To meet graduation requirements All medical students must take parts I and II of the National Boards. Part I is next offered on JUNE 12 and JUNE 13, 1979. The application deadline is APRIL 3, 1979. There is a \$15.00 fee for late applications. An application received after April 17, 1979 will not be accepted.

In September, Part I is offered September 5th and 6th. Applications should be submitted between March 30th and June 27th. Part II is offered September 25th and 26th. Submit applications between April 19 through July 17th.

All applications for boards must be signed and stamped by the Office of the Registrar. Do NOT have them notarized.

HOMEcoming 1979

Thursday, April 19, 1979 is the date of the annual Homecoming for Rush Presbyterian-St. Luke's Nurses Alumni Association. The Nursing Department hosts the alumni during the afternoon here at the Medical

Center with activities including tours guided by staff members of Quality Assurance and a tea in Room 600. Following the tea the Alumni Association will sponsor a banquet at the Radisson-Chicago with more than forty of the fifty year graduates as special guests. We anticipate about 150 alumni to participate in the tours and over 300 at the tea and banquet.

The Alumni Association has a name as long as our Medical Center. St.Luke's Hospital Training School first graduated nurses in 1887 and the Alumnae Association, St. Luke's Hospital School of Nursing was formed in 1896. In 1903 the School of Nursing Presbyterian Hospital, Chicago was opened and the Alumnae Association was started in 1906 when the first class graduated. The two Alumnae Associations were merged in 1960 following the merger of Presbyterian and St.Luke's Hospitals. The Presbyterian-St.Luke's Nurses Alumni Association became one of the largest nursing alumni groups by combining the graduates of St.Luke's, Presbyterian, and Presbyterian-St.Luke's. With the last class that graduated in 1968, there were 7,221 graduates with over 2,000 members of the Alumni Association.

Rush University was established in 1972 and the College of Nursing enrolled the first class in 1973. The Alumni Association changed their charter and name to Rush Presbyterian St. Luke's Nurses Alumni Association and it now includes the graduates of all four schools. The purposes of the Association are:

- A. to unite the graduates of Rush University, College of Nursing, Presbyterian-St.Luke's Hospital School of Nursing, School of Nursing of the Presbyterian Hospital, and St.Luke's Hospital School of Nursing, for mutual assistance, protection and preservation of fellowship;
- B. to promote the professional and educational advancement of nursing;
- C. to support the interests of Rush University, College of Nursing.

In addition to donating \$60,000 to equip the Psychomotor Skills Laboratory in the College of Nursing, the Alumni Association also grants scholarships to alumni members and to students in the College of Nursing. (All alumni are eligible to join, contact Karen Lamb in Quality Assurance.)

Alumni members will appreciate your friendliness when they return for Homecoming 1979, April 19.

FINANCEFROM THE OFFICE OF FINANCIAL AFFAIRS

- IMPORTANT!!!

"SUMMER HEALTH INSURANCE"ALL RETURNING STUDENTS:

All returning students must stop by the Office of Financial Affairs, Room 101 Schweppe Sprague Hall by no later than June 1, 1979 and indicate if they DO or DO NOT want ANCHOR coverage for summer. ## Current Trends in Health Legislation

Mary Barton - Phase III

BSR rep

1. Blue Cross - Blue Shield, in the most recent step of their "Medical Necessity Project", is advising member plans to pay for routine diagnostic tests for medical (non-surgical) admissions to a hospital only when specifically ordered by a physician. In the near future physicians will be asked for a satisfactory justification of particular procedures. In addition, 42 surgical and medical procedures of uncertain value have been eliminated for reimbursement. Twenty-six diagnostic laboratory procedures now considered outmoded, unnecessary, unreliable, or of no proven value will be phased out. These include certain test for blood amylase, chromium, guanase and trichinosis, peittacosis and other skin tests; gastric analysis pepsin; and several hormonal tests.

2. Some new developments in developing technical standards for medical school admissions. As a kick-off for this controversial subject - a case presently before the US Supreme Court - Davis v. Southeastern Community College. Ms Davis is a LPN with an acknowledged hearing deficit who was denied admission to the College's associate degree nursing program. She sued on the basis of the Rehabilitation Act of 1973 - "no otherwise qualified handicapped individual ... shall solely by reason of his handicap...be excluded from participation in ... any program or activity receiving Federal financial assistance." The school argues that her hearing deficiencies would prevent her from safely performing the clinical training leading to the RN degree and would restrict her in the pursuit of her proposed profession.

In response to this and many other such incidents the AAMC appointed a panel to develop technical standards which would serve as recommendations to medical school admissions teams. The panel concluded that fulfillment of the MD degree demands abilities and skills of five varieties: observation; communication; motor function; conceptual, integrative, and quantitative abilities; and behavioral and social attributes. Included in the report are sample questions illustrating how medical schools might assess individuals in the above areas.

Other conclusions of the panel include:

- The MD degree is, and must remain, a broad, undifferentiated degree attesting to the acquisition of general knowledge in all fields of medicine and the basic skills requisite for the practice of medicine.
- All students of medicine must possess those intellectual, ethical, physical and emotional capabilities required to undertake the full curriculum and to achieve the levels of competence required by the faculty.
- Although certain handicaps or combinations of handicaps will prevent some candidates from meeting these minimum technical standards, individual schools should take all necessary steps to prevent unjustified discrimination against the handicapped.

Special Brown Sugar Meringue

Add brown sugar, little at a time, and continue to beat until well blended. At once spread about 1/3 of meringue over top part of potatoes. Put the rest of the meringue into a No. 7 large star cooky tube and bag, or a cookie press, or spoon it around the base of the bowl.

Work as quickly as possible-place on bottom rack of oven at 400° for about 30 minutes or until meringue is brown. Serve hot. This is a beautiful delectable dish served with ham or poultry for special occasions.

Chinese String Bean Casserole - (3 qt casserole)

4 pkgs of frozen string beans - cooked

2 cans bean sprouts

2 cans water chestnuts (sliced)

2 cans cream of mushroom soup

Salt and pepper to taste

In casserole make layers of bean sprouts, water chestnuts, string beans and mushroom soup.

Top with onion rings and sprinkle with paprika. Cook in pre-heated oven 23 - 30 minutes.

One look at the old calendar and I see that this year has just about disappeared. It's a good thing too, because more and more of the student body is doing the same. That can either be a function of the world class magician getting in a little practice for the upcoming talent show or spring has actually arrived and everyone's fancy has turned to thoughts of... baseball. In any event this reporter has compiled a few tips to help the student body stay on the straight and narrow as they prepare for the merriment and frivolity associated with finals, boards, and other pleasantries.

1. Eat breakfast, lunch, and dinner in one sitting. This not only saves time but the accompanying indigestion relieves the mind of all anxieties.
2. Go jogging alone in the middle of the night in the city. Not only will you keep up your exercise program, but you'll complete you run in one-third the normal time.
3. Maintain your rest by sleeping during class. For some individuals this particular tip is already well known and practiced rigorously.

SOCIAL CALENDAR

THAT'S ENTERTAINMENT!T.G.I.F.

May 4th marks the final T.G.I.F. of the year and it promises to be a real celebration. Sponsored by the student programming board and featuring a Rush University talent show (all acts having passed the supreme test of playing in Peoria) the Schweppe auditorium should have an overflow crowd. The festivities begin at 5:30 p.m. so plan on being there.

R.M.C. - CLASS PARTY

All Rush Medical College Phase III graduates have been invited to the class party to be held in Barrington Hills on June 7th. Please deposit your responses in the box located next to the student mailboxes in the academic facility by May 15th. In the event of rain, the event will be held in the fabulous Schweppe-Sprague auditorium beginning at 6:00 p.m.

FROM FACILITIES AND PLANNING

Please be advised that beginning Monday, April 30th and continuing intermittently for the next five to six months the contractor will be installing sheet piles which will cause considerable noise and some vibrations. The sheet piles will be driven on the perimeter of the excavated foundation bordering on streets and adjacent facilities to prevent their settlement.

COUNSELING CENTER

Do I really love this guy? My friend's marriages seem to be better than mine - is there something wrong with me? Why can't I just decide to settle down with her? Won't I ever get him out of my mind? She gets furious when I can't be with her in the evenings; doesn't she realize I have to be at Rush? How I wish I could find someone to love - how come everybody has somebody but me? If I'd known living together would be such a hassle, do you think I'd have moved in?

All of these questions, and more, are typical of those we ask ourselves. If they ring any bells, you might want to know that the Student Counseling Center is sponsoring a discussion on love and marriage on Monday, May 7 from 3-5 and again from 5:30-7:30 in 202 Schweppe-Sprague. Dr. Marilyn Johnson will facilitate the discussion. The purpose is to provide a setting in which you can explore your ideas and experiences, and perhaps gain some perspective from the ideas and experiences of others. For further information, call X3687 or X3688, or come to the Center, 8th floor, Schweppe-Sprague.

FROM RUSH UNIVERSITY BOOKSTORE

April 22-28 was National Volunteer Week. When you're next in the Bookstore, say "Thanks" to the Rush University Faculty Wives volunteering in the Bookstore. Without their unselfish devotion of time, your 15% discount would not be possible!

FROM THE REGISTRAR'S OFFICEREGISTRATION      Colleges of Health Science and Nursing

Registration for summer Quarter, 1979 begins May 14th and ends May 22. Schedules will be placed in each student's mail box just prior to registration.

FORWARDING ADDRESS

Registration materials for Fall Quarter, 1979 will be sent to all returning students at the end of August. We send the materials to your current local address unless you complete a change of address form. You will lose priority for enrollment in a course if you fail to register before the first week of classes, so it is important for you to give us an accurate mailing address.

GRADUATING PHASE III - R.M.C.

The Registrar's Office wants to buy used, clean, white jackets from departing Phase III students. We are willing to give you \$2.00 cash on the spot for each jacket. This summer we will sell those jackets to new and returning Phase III students for the same low price.

ALL GRADUATING STUDENTS

The Registrar's Office completes all Board and Licensure applications. This Office also handles transcript requests (Which must be in writing and signed). There is no fee for any of these services. Please remember that only course work done at Rush appears on your transcript. Since we cannot release transcripts from other insitutions, you will have to contact each school that you have attended to get your entire academic record.

\*\*\*\*\*

FINANCEFROM THE OFFICE OF FINANCIAL AFFAIRS - IMPORTANT!!!SUMMER HEALTH INSURANCE - ALL RETURNING STUDENTS

All returning students must stop by the Office of Financial Affairs, Rm. 101 Schweppe-Sprague by no later than June 1, 1979 and indicate if the DO or DO NOT want Anchor or Blue Cross coverage for summer. The appropriate fee should be paid at that time. Also, any Rush students who will be employed by the Medical Center for the summer should be aware that they will not be eligible for full time employee benefits (including health insurance). As a result, you must let us know what your plans are. Please remember that you must be covered by a hospitalization policy at all times.

ALL GRADUATING STUDENTS

If you are graduating in June you can retain your Blue Cross or Anchor coverage for up to three additional months or until September 30, 1979. However, if you want this extended coverage you must stop by the Office of Financial Affairs (101 SSH) by no later than June 1, 1979 and indicate so, or you will be dropped from the coverages you have effective July 1, 1979. If you decide to request extended coverage, the appropriate fee must be paid at that time.

\*\*\*\*\*

BIKE-A-THON

The American Cancer Society's Seventh annual Bike-A-Thon on Sunday, May 20, will take place throughout the city of Chicago. Every rider who brings in \$10.00 or more receives an official Bike-A-Thon patch. Other prizes are available for riders who raise more money.

In Grant Park on May 20, the Preventive Programs Division of the Chicago Police Department will offer bicycle registration. Bicycle clubs will be on hand to answer questions on bicycling. In addition there will be plenty of music, entertainment, and free refreshments.

Sponsor sheets with complete instructions are available in the Office of Student Affairs, Room 101 Schweppe-Sprague.

COMMENCEMENT 1979COMMENCEMENT SPEAKER

Gearld Piel, Editor and Publisher of Scientific American will be the keynote speaker at the 1979 Rush University Commencement. A graduate of Harvard, Mr. Piel was one of the organizers of Scientific American in 1946. He has also served as the science editor for Life Magazine and as the assistant to the president of the Henry Kaiser Company.

## WORLD'S GREATEST NEWSLETTER

---

VOL. I, NO. 1

August 7, 1979

Welcome to the Rush Reporter. This is the official monthly newsletter published by the University Office of Student Affairs. This is a special summer edition of the Reporter for all incoming Rush University students. We hope to bring you current information that you will need as you enter Rush University.

In the following months we will report news and information you will need to know about the happenings of an academic, social, and recreational nature at Rush.

From across the nation, around the world, down the street, and from the depths of the inner sanctum of the Office of Student Affairs comes this summer's most important news...

### FALL ORIENTATION

Orientation for all new students (Medical, Nursing, Health Science) will be held Thursday, September 20, 1979. You will be notified by letter on the specific times and places. The letter will be sent to you in mid to late August.

Some of the topics to be discussed during the full day of orientation will be: Financial Aid, Financial Affairs, (tuition and fee payment, health insurance), security, parking, the library services, and curricular advising. There will also be some question and answer sessions. I.D. pictures will be taken. Finally, mailboxes and lockers will be assigned.

The day promises to be very informative for all new students. This information will be helpful in the following day's activity, registration.

#### FALL REGISTRATION

Before matriculation in Rush University, you must submit final official transcripts from each institution in which you have been enrolled. These transcripts must show grades for all course work taken prior to coming to Rush University, satisfactory completion of courses required for entrance and proof of all undergraduate and graduate degrees received. If you have not already taken this action, please request that these transcripts be mailed to the Office of Admissions as soon as possible.

Registration for all Rush University students will take place Friday September 21, 1979. It will be held in the ballroom of Schweppe Sprague Hall, 1743 W. Harrison Street, Chicago. Registration includes payment of tuition and fees, registration for classes and arrangement for parking.

The registration schedule is as follows:

TIME	COLLEGE	LEVEL	FIRST LETTER OF LAST NAME
8:30-9:15	Nursing Health Science	Graduate	A-L
9:15-10:00	Nursing Health Science	Graduate	M-Z
10:00-11:00	Medicine	All Students	A-L
11:00-12:00	Medicine	All Students	M-Z
12:30-1:45	Nursing Health Science	Undergraduates	A-L
1:45-3:00	Nursing Health Science	Undergraduates	M-Z

Classes begin Monday September 24, 1979. A calendar for the 1979-80 academic year is on the inside of the front cover of the 1978-79 catalog.

#### FINANCIAL AID

Financial Aid award letters will be sent to new students in August. Tentatively the schedule is as follows: Early August, medical students, mid-August, undergraduates, late August, graduates.

If medical students and undergraduate nursing students have not already applied for a Guaranteed Loan from their bank, they should begin the process now. If you have any questions regarding financial aid feel free to call either Bob Dame or Carol Silva at 942-6256.

#### HOUSING

Because of the ongoing never ending construction in and around the Medical Center, moving into Kidston and Mc Cormick will be difficult. Therefore, the Office of Property Management will allow you to move in between August 15 and September 15, and pay no rent for that period of time. The only stipulation being that you move in after 4:00 p.m. weekdays or anytime on the weekend. To insure a smooth move in, please call the Office of Property Management at 942-6474 during business hours a day or two before you plan to move in.

#### INFORMATION FAIR

On Friday, September 21, 1979 from 9:00 a.m. - 3:00 p.m. an Information Fair will be held in the Game Room of Schweppe Sprague. The room is located adjacent to the Auditorium, the site of Registration. Different groups will be present to distribute information. It would be in your best interest to drop by to see what is going on in the way of student and other activity groups.

#### STUDENT COUNSELING CENTER

At the Student Counseling Center, located on the eighth floor of Schweppe Sprague you may obtain help with a range of services from mental health professionals. The Center is a place to discuss study and learning difficulties, marital and relationship stresses, and any other matters which you feel may be hindering your growth and development.

In addition to individual and couple counseling, the Center offers group and workshop experiences. The Office is staffed by Dr. Marilyn Johnson and Ms. Peggy Lusk. They can be reached at 942-5817.

#### NURSING CLASS GREETINGS

The College of Nursing Class of 1980 would like to welcome the Class of 1981. There will be a junior-senior "Get Together" at 12 noon October 1, 1979 in the Schweppe Sprague auditorium.

The senior nursing students will hold a used book sale within the first few days of classes. Although used books are limited in number, it is hoped that you will postpone purchasing your books for Behavior I and take advantage of reduced prices.

#### T. G. I. F.

The first T.G.I.F. (Thank God It's Friday) social gathering of the year will take place Friday September 21, 1979 from 3:30 to approximately 6:00 p.m. Copious amounts of food stuffs and malt beverages will be provided. This will be the culmination of the grand and glorious registration day.  
Be there! Aloha!

#### STUDENT DATA SHEET

Enclosed is a Student Data sheet that prospective students in the Colleges of Nursing and Health Sciences still need to complete. Please return it as soon as possible to:

OFFICE OF THE REGISTRAR  
Rush University  
101 Schweppe Sprague Hall  
1743 W. Harrison Street  
Chicago, Illinois 60612

#### SPOUSE SUPPORT GROUP

The Spouse Support Group will sponsor a informal meeting Saturday September 22, 1979 at 9:00 a.m. Coffee and rolls will be served. Following the informal get together, tours of the hospital will be held. All medical students, their spouses and or significant others are welcome to attend.

## PARKING

### 1) Eligibility Requirements:

All students of the Medical Center are eligible to apply for key card parking privileges. The quarterly rate for unreserved parking is \$54.00. In addition all key cards issued require a \$10.00 cash deposit, refundable upon return of Card. All day shift key card holders are urged to use lots "E" and "F", entrance on Flournoy, leaving the other lots available for patients and visitors. All key cards can be used for access to the bridge doors at the overpass to the 4th level of the Academic Facility. The key card is to be used by the individual ONLY, who it was issued to. ANY ONE FRAUDULENTLY USING A KEY CARD IS SUBJECT TO DISCIPLINARY ACTION AND/OR REVOCATION OF PARKING PRIVILEGES.

### 2) Operating Instructions:

Your key card must be inserted into the key card receptacle with the arrow pointing in and held in the receptacle a few seconds until the gate opens. The key card must first be used in the entrance to enter and then the exit when leaving. The card will not open a gate any other way.

### 3) Office Hours

The parking office is open 24 hours a day, seven days a week. However, for the purpose of obtaining key cards, decals and conducting routine business the office hours are limited to 8:00 a.m. to 5:00 p.m., Monday thru Friday . (ext. 6594 )

### 4) Decals

All students who drive and park vehicles at the Medical Center are required to display a current vehicle sticker. Decals are also necessary for obtaining the employee discount of \$1.65 per day, for those who do not have a key card. The decal should be affixed on the lower left corner of the windshield. The decal is important to both the security and garage personnel in attempting to locate parking patrons who have left their lights on, burglar alarms sound, etc. Decals are available in the parking office during normal business hours.

5) Emergency Vehicle Service:

The parking facility provides jumpstarts and tire change service free of charge to all parking patrons. Should you require this service contact the garage office.

6) Lost, Misplaced Key Cards:

In the event your card is lost or misplaced contact the parking office immediately. A replacement for your key card will require another \$10.00 deposit. If you forget your card, you may enter the garage by pulling a parking ticket from the automated vendors at any gate. When you exit, you will be required to stop at the office, not the cashier, to confirm your parking registration. Your ticket will be validated and you may then exit at no charge.

7) Inquiries, Complaints:

Please direct all parking suggestions, inquiries and complaints to the parking manager at Ext. 6594

EYWTARUBDNKWT A HOTLINE

The "Everything You Wanted to Know About Rush University But Did Not Know Who to Ask" Hotline is now in operation. If you have any questions about entering Rush or any other question that is bothering you, call 942-6302 and ask for either John Hylton or Ann Bartolotta. These two people are the gurus of knowledge in the Student Affairs Office. Questions about Rush will hopefully be answered quickly. Questions about life will take a little longer.

## WORLD'S GREATEST NEWSLETTER

---

VOLUME ONE O TWO  
OCTOBER 5, 1979

Welcome to the Rush Reporter. This is the official newsletter of the Office of Student Affairs. In this and succeeding issues we hope to bring you the information you need to know regarding classes, policies, programs, and social events along with other tidbits of pertinent and impertinent knowledge.

If you have any suggestions regarding this newsletter or have any information to submit for publication, please contact us in the Office of Student Affairs room 101 Schweppe.

We hope that your "culture shock" of returning to Rush or coming to Rush for the first time has not been too severe. In an effort to test your patience, we have installed the new mailboxes on the seventh floor of the Academic Facility. We did this to compile a list of people to be submitted to Patience of Job Clubs of America. A gold plated sixteen number combination mailbox door is this year's first prize. Second prize will be to have your body bronzed while in the act of opening your mailbox. The resulting statue will serve to guide further incoming classes on the techniques of opening their mailboxes. Third prize is an all expense paid weekend for one to South Joliet.

In a further effort to confuse and mystify you, new lockers have been assigned to most of you. In addition, in most cases you are fortunate to have another person share your locker. This gives you the opportunity to become an efficient user of space which will be helpful later on this year. People from the Guinness Book of World Records will be here in January to certify the winner of the best packer of a locker in both the individual and two person team competition. Not only will you receive recognition in the 1980 edition of the Guinness Book of World Records, but you will receive a lifetime supply of obese sardines packed in an undersize can.

And now... From across the nation, around the world, down the street, and from the depths of the bottomless pile of papers on my desk comes this month's news....

IT'S SHOWTIME!

UNIVERSITY NIGHT CONCERT SERIES BEGINS! Priority sale of "University Night" series tickets for Chicago Symphony Orchestra concerts will be held Saturday October 6, 1979 from 10:00 a.m. to 2:00 p.m. in the lobby of Orchestra Hall, 220 South Michigan Avenue Chicago.

Students with a valid I.D. card can purchase a maximum of two subscriptions per series in person on that day. Mail orders will not be filled until after the close of the October 6th priority subscription at Orchestra Hall.

Sponsored by the Junior Governing Board of the Orchestral Association, the six "University Night" programs are divided into two series of three programs each. Music Director Sir Georg Solti will conduct one program in each series on Wednesday January 23, 1980 and Wednesday April 2, 1980.

Guest conductor Erich Leinsdorf kicks off the "University Nights" by the Chicago Symphony on November 14, 1979, followed by Associate Conductor Henry Mazer on November 28 with a program of Copland, Mozart, and Schumann. Other programs will be conducted; Claudio Albado on February 13, 1980 and Kazuhiro Koizumi on March 5, 1980.

The "University Night" concerts are all presented at 8:00 p.m. Wednesdays in Orchestra Hall. Minimum price for one series of three concerts is \$10.00, with top price at \$35.00 for a box seat, offering the student a savings of up to 30% over single ticket prices to Chicago Symphony subscription concerts. Student subscribers may also attend Civic Orchestra of Chicago concerts, Artists Series chamber concerts; in addition, savings of up to 50% are offered to "University Night" subscribers for selected programs in the famed Allied Arts concert series in Orchestra Hall.

Subscription prices for each series of concerts are: Main Floor, \$15.00-\$20.00; Balcony, \$18.00-\$28.00; Gallery, \$10.00 Box Seats, \$35.00 each. Student subscription series applications are now available at room 101 Schweppe Sprague. They may also be obtained by sending a copy of a valid student I.D. and a stamped, self-addressed envelope to Student Subscription Series, Orchestra Hall, 220 S. Michigan Avenue, Chicago, Ill. 60604.

The film series sponsored by the Office of Student Affairs began its season with Mel Brooks' "High Anxiety" last Friday. Other tentatively scheduled films include "Coma," "Silver Streak," "The Turning Point," and "Autumn Sonata". The next film in the series is "The Turning Point" which will be shown early next month.

"The Turning Point" stars Shirley Mac Laine and Ann Bancroft. It's a very classy drama about friendship, jealousy, and life.

T.G.I.F.

(Thank God It's Friday). The first T.G.I.F. was held on Registration day and proved to be an unqualified success. The next T.G.I.F. gathering will be held on Friday October 12, 1979 at 3:30 p.m. in the Schweppe Sprague Auditorium. Once again copious amounts of foodstuffs and beverages will be served. Be there Aloha!

### RECREATION - ATHLETIC FACILITIES

Students interested in purchasing a 1979-80 recreation card for use of athletic facilities at the University of Illinois Chicago Circle Campus, may do so by contacting the Office of Student Affairs, room 101, Schweppe Sprague Hall. This card may be purchased for \$60.00 and covers the academic year from September to June. It enables students to use bowling, billiards, table tennis and swimming facilities; handball, racquetball, and tennis courts; a weight and exercise room; and softball fields. This card also entitles students to rent camping equipment and skis, maintain a locker, and bring guests. We would like to encourage all interested students to sign up as soon as possible, as there is no rebate should you decide to sign up later in the year. For more information call 942-6302.

### MOVIE PASSES

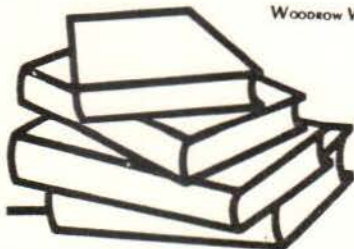

Discount movie tickets good at all Plitt Theatres in and around Chicago are available in room 101 Schweppe Sprague. The cost is \$2.00; an approximate 50% reduction in the cost of the ticket. The passes are good until April of 1980 so you can purchase a ticket this week or any succeeding week and it will be valid until then. This is a good opportunity to take in a first run movie at a discount price.

### BOOKSTORE

The Rush University Bookstore is open for business Monday - Thursday from 10:00 a.m. - 2:00 p.m. The 15% discount you receive is due to the graciousness of the faculty wives in volunteering their time. The next time you are in the bookstore, please thank these women for their efforts, especially for the extended hours they were open during the first week of classes.

TO YOUR HEALTH - TIPS FROM HEALTH EDUCATION ANCHOR

If you are concerned about whether your hair dryer contains asbestos (causes cancer when inhaled in quantity) call the Consumer Products Safety Commission, 353-8260, with the brand name. They will tell you whether the manufacturer will replace your dryer, if necessary, with a new asbestos free model. While you have them on the phone, ask what they are doing about inspecting dryers in beauty and barber shops. If enough people inquire, they can act to protect you from this risk.

If your feet hurt, consider flat shoes for beauty and happiness. A pain-free face is more sexy than high heels! Check the fit of your shoes by placing your shoe upon a drawing of your foot while standing. Observe whether your shoe is larger than your foot or your foot larger than your shoe.

Educational pamphlets on a wide variety of health subjects are available in the Health Education Room of Anchor, 7th floor, Professional Building.

If you are interested in joining a brisk noon-time walk this fall, call Francie Peardon, Anchor, x8092 or x6060.

PARKING

All Students of the Medical Center are eligible to apply for key card parking privileges. The quarterly rate for unreserved parking is \$54.00. In addition all key cards issued require a \$10.00 cash deposit, refundable upon return of the card. All day shift key card holders are urged to use lots "E" and "F", entrance on Flournoy, leaving the other lots available for patients and visitors. All key cards can be used to access the bridge doors at the over-pass to the 4th level of the Academic Facility. The key card is to be used by the individual ONLY, to whom it was issued. ANY ONE FRAUDULENTLY USING A KEY CARD IS SUBJECT TO DISCIPLINARY ACTION AND/OR REVOCATION OF PARKING PRIVILEGES.

Operating Instructions: Your key card must be inserted into the key card receptacle with the arrow pointing in and held in the receptacle a few seconds until the gate opens. The key card must first be used in the entrance to enter and then the exit when leaving. The card will not open a gate any other way.

Office Hours: The parking office is open 24 hours a day, seven days a week. However, for the purpose of obtaining

Office hours cont'd.

key cards, decals and conducting routine business the office hours are limited to 8:00 a.m. to 5:00 p.m., Monday thru Friday. ext. 6594.

**Decals:** All students who drive and park vehicles at the Medical Center are required to display a current vehicle sticker. Decals are also necessary for obtaining the employee discount of \$1.80 per day, for those who do not have a key card. The decal should be affixed on the lower left corner of the windshield. The decal is important to both the security and garage personnel in attempting to locate parking patrons who have left their lights on, burglar alarm sounds, etc. Decals are available in the parking office during normal business hours.

**Emergency Vehicle Service:** The parking facility provides jumpstarts and tire change service free of charge to all parking patrons. Should you require this service contact the garage office.

**Lost, misplaced key cards:** In the event your card is lost or misplaced contact the parking office immediately. A replacement for your key card will require another \$10.00 deposit. If you forget your card, you may enter the garage by pulling a parking ticket from the automated vendors at any gate. When you exit, you will be required to stop at the office, not the cashier, to confirm your parking registration. Your ticket will be validated and you may then exit at no charge.

**Inquires, complaints:** Please direct all parking suggestions, inquires and complaints to the parking manager at ext. 6594

#### CAR POOL INFORMATION

In an effort to make commuting easier, the Office of Student Affairs is coordinating a car pool. Several people have already completed an information card. If you would like to take advantage of this service, please stop by our office in room 101 Schweppe Sprague. All of the information will be compiled within the next week. Notification of other commuters near you will be sent to you by October 15, 1979. It will be up to you to further coordinate your individual car pool from the information we send to you.

#### OPTICAL SERVICES

If you are in need of opthamological services (eyeglasses, hard and soft contact lenses), Rosin Optometrists are located on the ninth floor of the Professional Building.

OPTICAL SERVICES - cont'd

They offer fast service, a large frame selection, and a two year warranty on lenses and one year warranty of frames. In addition, they offer a twenty percent discount to Rush University Students.

WHITE SHOE COUPON

A \$3.00 discount coupon for white shoes is available in room 101 Schweppe Sprague. The coupon is good at O'Dees Uniforms in the Loop at 17 N. State Street, Stevens Building 11th Floor.

CRIME STOPPER CRUISER NEWS AND VIEWS

During the course of the year we will be offering some suggestions on how to lessen the incidence of crime in and around the Medical Center.

Don't Become a Crime Statistic  
You can effectively reduce the incidence of theft if you:

1. Lock your auto
2. Install a trunk lock plate.
3. Secure items of value in the trunk of your auto ie., tape decks and CB radios
4. Do not advertise CB radios by leaving the antennas affixed to the vehicle.
5. Only carry credit cards that you intend to utilize. (always have the numbers recorded)
6. Don't carry an excessive amount of money. ( do not be a money flasher)
7. Don't leave purses visible or unattended while working.
8. Don't carry personal identification on key rings.
9. Do not leave keys to office areas lying out in the open.

Don't Become a Crime Statistic (cont'd)

10. Remember, wearing expensive jewelry is an invitation to theft.

### NURSING ALUMNI NEWS - Ms. Sandra Shelley - Acting Director Undergraduate Nursing Program.

There's good news for recent Rush College of Nursing Alumni. Almost all of the seniors who took the Illinois State Board Test Pool examination in July, 1979 will soon receive good news from Springfield; their professional nurse registration. Rush graduates excelled on the national and state levels.

The Dean's office is pleased to announce that 94.7% of the Rush Students who took the exam passed. The following are a few statistics that may interest some of you who will be taking the exam in subsequent years.

Any person interested in participating in playing flag football should stop by room 101 Schweppe Sprague. There is a possibility that a Rush Student Faculty league will be formed.

### CURRENT HEALTH LEGISLATION - Mary Barton Representative to the Organization of Student Reps of the AAMC

Truth in Testing.

On July 14, Gov. Carey of New York signed into law a bill that requires the public disclosure of standardized test questions and answers that are intended for use in admission to institutions of higher education, 30 days after the administration of each test. In response to this, the administration of the new MCAT will be discontinued in New York state effective January 1, 1980. The AAMC sees this as a threat to the maintenance of high quality test material in that the exam helps to predict a student's future performance as a medical student and later as a physician. This requires testing of specific areas for which there is a limited number of high quality test questions.

Ralph Nader contests this position as a bluff by the AAMC - one which was refuted by test experts from across the country at a hearing before the New York Senate and Assembly of Higher Education Committees. He claims this as "an irresponsible act against the people of New York without the approval of the New York medical schools and without even attempting to present evidence to justify such a precipitous action."

This is all part of a "Truth in Testing" philosophy. There are now two bills, similar to the above, before the House Subcommittee on Elementary, Secondary, and Vocational Education.

On the subject of testing - the AAMC with the NBME is in the process of developing a Medical Sciences Knowledge Profile (MSKP) to replace the COTRANS in June, 1980. It will no longer be possible to sponsor US citizens enrolled in foreign medical schools for the National Board Part I exam. The MSKP will be open to all US citizens and permanent resident aliens. Enrollment in medical school will not be required. Scores will be compared against a population of US sophomore medical students.

## Housestaff - employees or students?

The Thompson Amendment which would define residents and fellows as employees for purposes of the National Labor Relations Act is now in hearings before the Subcommittee on Labor-Management Relations of the US House Committee on Education and Labor. Testifying in support of the legislation were the Physicians National Housestaff Association and the AMA. Testimony opposed to the legislation was presented by the AAMC, the College of American Physicians.

The right of housestaff to collective bargain has been an issue for several years. In 1976, after a series of housestaff strikes, the National Labor Relations Board (NLRB) was asked to intervene. The NLRB ruled against the petitioning housestaff declaring that "they participate in these programs not for the purpose of earning a living; instead they are there to pursue the graduate medical education that is a requirement for the practice of medicine."

The NLRB did, however, reserve the option of hearing other petitions and deciding in each instance whether the training or the service aspect was more prominent. In the meantime, those organizations seeking the redefinition of housestaff as employees sought legislative relief. In the fall of 1976 Frank Thompson (D-NJ) introduced his bill before the House. It has been debated and reintroduced in each subsequent Congress.

1979-80 housestaff stipends for first year post-graduates by region.

WELCOME FROM THE ASSOCIATE DEAN - NURSING - Dr. JoAnn Jamann  
MSN, Ed. D.

Welcome to the incoming students and we're glad to have you back for those who are returning. Just a few short weeks occur between the closing of the summer quarter in mid-August and the return of the students for the fall quarter in September, nevertheless, much has happened here at the Medical Center. We were pleased to have an opportunity to hear of the exciting experiences of the undergraduate students who took their electives in England this past summer. Obviously, it wasn't all hard study and they had a great opportunity to see some of the cultural advantages associated with International Studies.

Welcome from the Associate Dean - Nursing cont'd.

We again hope to make this opportunity available for those of you who might like to study during this summer of 1980. Mrs. Shelley will have more information available for you later in the fall quarter concerning this elective.

It was very exciting also, to receive notification of two new scholarship funds available for graduate students in Nursing. The grant that I submitted to the National Institutes of Mental Health for the support of eight graduate students studying in the field of Psychiatric-Mental Health Nursing was approved and funded and we are pleased to have eight students studying under this grant this year. We are also happy to be able to award the first Kellogg Scholarship associated with the Center of Excellence in Nursing. This scholarship was awarded to Kathryn Christiansen who is one of the doctoral students completing her studies this year.

A special welcome is given to the thirteen students who are commencing their studies in the new Parent-Child Graduate program. Although, little publicity had been given to the establishment of this new curriculum, we have many more applicants than we could accept. Obviously, there is great interest in this particular area of study.

As you look around the Medical Center I'm sure you've seen much construction going on. The outer facade does not look as it did when you left last Spring or when you came to interview. However, within the next few months it will look different again. Internally, I would like to invite you to take a look at the new Acute Medical Care Unit which opened on 5 South at Johnston R. Bowman Center for the Elderly. The patient environment has been compromised somewhat by the use of telemetry equipment but, the high-quality rehabilitation patient care has been maintained. Also, we were pleased to be able to open, early in September, the new Birthing Center in the OB Department. This home-like atmosphere gives us an additional opportunity for structuring care around family life.

I'm glad to have this opportunity to welcome you to Rush University. The student body in the College of Nursing continues to grow and we're a body of approximately 260 undergraduate Students, 120 Masters' Students and 22 Doctoral Students. From time to time, the Dean and I will try to have this opportunity to invite all of you to meet with Dean Christman.

FROM THE REGISTRAR'S OFFICE

Directory Information

Certain information classified by Rush University as directory information may be disclosed to the public. These are items of directory information; student's full name, local address and phone number, date and place of birth, home town, major field of study, year in school or class, participation in officially recognized activities, dates of attendance, degrees and awards received, previous educational institutions attended by the student and previous majors, and degrees and years earned.

Each Fall quarter the Rush Student Address Book is published for student, faculty and staff use. It contains the student's name, local address, phone number, mailbox number, and class.

At the time of commencement exercises this information is released in public announcements: Student's full name, degree and major, previous institution and degree(s) and year(s) earned and home town.

Students may restrict the release of any item of information which is considered as directory information on a form provided in the Office of the Registrar, Room 101 Schweppe Sprague, on or before October 15 of each year or the end of the second week of the quarter following matriculation.

COUNSELING CENTER NEWS

The Student Counseling Center will hold open houses for students during the week of October 8, 1979. We're located on the eighth floor of Schweppe Sprague. We hope you will be able to stop by for coffee, cookies, and conversation. The open house times were designed to fit the schedules of varying student groups. However, if you can't make it on the day most of your classmates come, stop by on any of the other open house days.

Tuesday, October 9 12 P.M. - 4 P.M. Graduate Students  
Thursday, October 11 12 P.M. - 4 P.M. Medical Students  
Friday, October 12 9 A.M. - 1 P.M. Undergraduate Students

For the past two years, the Student Counseling Center sponsored weekly "Stress Groups" for new medical students. Because these groups were so well-received, we would like to extend these offerings again to all Rush students. We would like to drop the "stress" emphasis and refer to them merely as groups. The purposes of the groups are to give you a chance to compare notes with classmates, to blow off steam, to get away from the mob, to get back to yourself, to learn new ways to relax - any or all of the above.

Counseling Center News cont'd.

Groups will be offered in the Center at the following times: Tuesday 3-4:30, Wednesdays 1:30-3, and Thursdays 2-3:30. We will also offer a 5-6:30 group if you are interested. Groups will start the week of October 15. If interested, please call ext. 3687 or come to the Center on 8 Schweppe Sprague.

Education in the health professions frequently creates strains on relationships with mates (spouses, lovers, cohabitants, etc.) As one means of addressing this issue, the Student Counseling Center will offer a peer counseling training program for mates (married and unmarried) of Rush students. The training program will cover a six week period from the week of October 22 to the first week of December. Participation in one all-day weekend meeting followed by five weekly two-hour skill training sessions (in the evening) will be required. If you would like to be considered for this program, please call 942-3687 to arrange an appointment. Deadline for applying is October 19.

WHO'S WHO

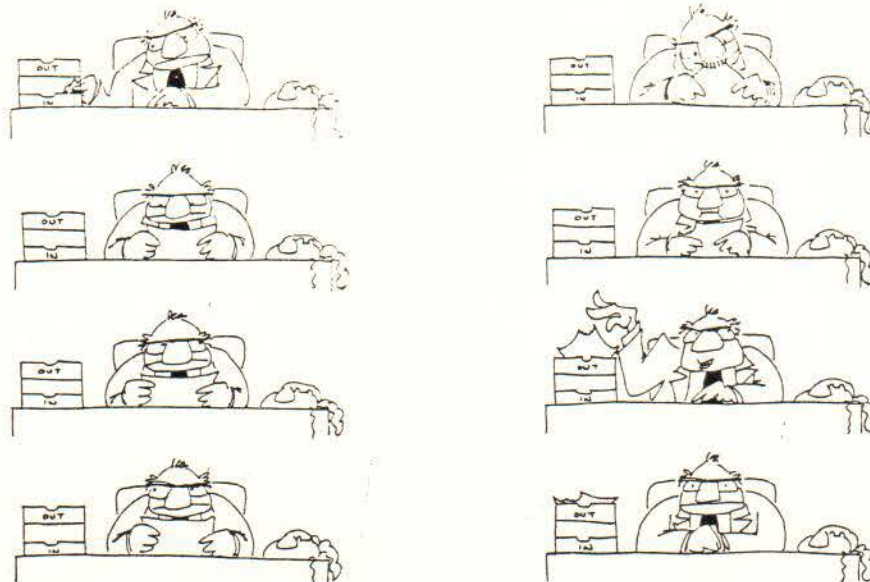

The Office of Student Affairs has undergone some changes over the summer. Laurie McElligott has retired as Director of Student Affairs to care for her son David. John Hylton has replaced Laurie at the helm with Ann Bartolotta as his first mate.

John last worked at North Central College in Naperville Illinois. Prior to that he worked at Vanderbilt University in Nashville Tennessee, and at Illinois State University in Normal Illinois. Because John has only been working in the field for the last five years, the rapid succession in which he has held jobs makes one believe he has trouble hanging on to a job.

Ann Bartolotta, John's right arm, comes to us from Elvis Presley's home of Memphis. While in Memphis she worked at Memphis State University where she learned to speak with a very good Southern Accent.

Both Ann and John are very interested in meeting everyone so please stop by 101 Schweppe Sprague.

REPORTER INFORMATION

If you would like to contribute to next month's "Reporter" drop off any materials in room 101 Schweppe Sprague before the 26th of October. We would like to include a cartoon feature, a want ads section, and a personals section. If you would like to contribute any of these materials, please stop by our office on room 101 Schweppe Sprague.

## WORLD'S GREATEST NEWSLETTER

NOVEMBER 2, 1979

VOLUME THREE  
NUMBER THREE

"A good time was had by all," that was the best way to sum up this year's homecoming festivities at Rush. From the traditional pre-game bonfire to the homecoming dance, all of this year's homecoming events were successful.

The festivities began with the traditional pre-game bonfire. Rambunctious third and fourth year medical students were observed fueling the bonfire with several sheets of plywood mysteriously taken from some area of the medical center complex. The bonfire held under the "El" tracks attracted many people. The glow of the fire reflecting from the passing "El" trains was especially appealing.

Following the bonfire, everyone headed to Room 600 for hot chocolate and marshmallows. The room, decorated in green and white, was a perfect background for the traditional pep rally. As always, the singing of the Rush University Hymn stirred the emotions of the crowd.

As the Rush University Anchor Fighting Marching band played the fight song, this year's edition of the Rush University Health Care System fighting football team burst into the room amidst the cheers of the assembled crowd.

This year's cheerleading squad, consisting of four junior nursing, health science, and first year medical students whipped the crowd into a fever pitch with their crack cheers and gymnastic routines. Several hoarse voices were heard later that evening when the festivities calmed down somewhat.

The culmination of the night's festivities was the crowning of the homecoming queen and her court. Senior nursing student, Sarah Ratchet, was chosen by her fellow students to reign over the next day's festivities. It was a very emotional moment when Sarah was crowned. Attired in her designer green surgical gown she was especially radiant as she walked through the crowd greeting her subjects.

Early the next morning the homecoming parade stepped off from the corner of Harrison and Western Avenues and headed eastward toward the reviewing stand situated on the driveway leading to the rear entrance of the hospital. Approximately twenty floats, six area marching bands, the army and navy drill teams, and several boy and girl scout troops participated in the parade down Harrison. Ronald McDonald, this year's grand marshal was a perfect choice to coincide with this year's theme, "Make Hamburgers out of Chicago Med," our gridiron opponents. The crowds, estimated to be in the thousands, were definitely not disappointed with the extravaganza.

At approximately 1:30 p.m., what was to be a hard fought football game began. Special bleachers had been installed at Soldier Field to handle the overflow crowd. Because of the close proximity of our opponents, Chicago Medical School, the crowd was especially large.

The game was especially bruising. The rivalry between Chicago Med and Rush goes back a long way. The score at the half was Rush 7 Chicago Med 0.

The second half was not as low scoring as the first with Rush's star halfback Wallace Peyton running for three touchdowns. Junior quarter back John Greesy passed for two more.

The final score of the game was 42-0, which let the crowd assembled on this cool crisp autumn afternoon leave with a good feeling. As the crowd left the stadium, several comments were overheard by this reporter about how unbelievable it was that Wallace Peyton was not going to consider playing football professionally, but rather was going straight into the practice of podiatry.

The final event of the day was the homecoming dance held in A.B. Dick Auditorium. Lawrence Welk and his Champagne Music Makers provided the music for the enthusiastically receptive crowd. Dancing between the chairs, the soft lighting, and the music created a very romantic mood.

The highlight of the evening was the polka dance contest. Myron Floren played his accordion while ten couples vied for the first prize, dinner for two at the recently remodeled Greek's Dining Room. The runner up couple received two C.T.A. Culture Bus passes good either Sunday, January 6 or 13, 1980.

The dance ended at approximately 1:00 a.m. with the singing of the Rush Hymn. As the Auditorium emptied, voices could be heard already planning next year's festivities.

THAT'S ENTERTAINMENT

The third in the never ending T.G.I.F. series of 1979/80 will take place on Friday, November 9, in the Schweppe Sprague Auditorium. We will begin at approximately 3:30 p.m. As usual copious amounts of food stuffs and beverages will be served. Also, as a result of the last two extravaganzas, complimentary jars of two day old five day deodorant pads will be given to the first 5,000 participants in an effort to keep everyone comfortable.

REEL ENTERTAINMENT

On Friday, November 9, following the T.G.I.F., the Office of Student Affairs will present The Turning Point, starring Anne Bancroft, Shirley MacLaine, Mikhail Baryshnikov and Leslie Browne. This Academy Award winning film considers the time when a woman must choose between the committment of a career and the demands of raising a family, as dancer Leslie Browne faces that decision. For two women, the choices were made years before: Browne's mother (Shirley MacLaine), a promising dancer,

Reel Entertainment cont'd.

gave up her career for marriage and three children; Browne's Godmother (Anne Bancroft), MacLaine's closest friend and rival, achieved star status in the ballet role for which they had both competed. Now MacLaine envies Bancroft's success and longs for recognition of her own talent; Bancroft, isolated, faces the end of her career - alone. Together, they reach a new level of understanding. Variety summed it up best: "The Turning Point is one of the best films of this era. It's that rare example of synergy in which every key element is excellent and the ensemble is an absolute triumph."

REAL PEOPLE ENTERTAINMENT

A limited number of tickets are now on sale for the Shubert Theatre production of "They're Playing Our Song." This musical comedy, currently on Broadway, has been delighting audiences for the past eight months. The story and script were written by Neil Simon, music by Marvin Hamlisch and lyrics by Carol Baker Sayer.

The plot revolves around a young, swinging bachelor songwriter, who falls in love with his beautiful and talented lyricist partner. They find they cannot live and work together at the same time, and yet, they cannot stand to be apart! Some have said "They're Playing Our Song" is loosely based on the real life romance of Marvin Hamlisch and Carol Baker Sayer. We don't know if it really is, but one thing is certain: "They're Playing Our Song" is a winner.

We have tickets for the Thursday, January 24th performance at 8:00 p.m. First balcony front seats normally sell for \$17.50. We are selling these tickets for \$15.75. If you are interested in attending, contact Ann in the Office of Student Affairs by December 14.

HOCKEY TICKETS

Chicago Blackhawk hockey tickets have been donated to Rush University. We have received sixteen tickets, two each, to the following eight dates:

### Hockey Tickets cont'd.

If you are interested in obtaining a pair of hockey tickets, come to the Office of Student Affairs, 101 Schweppe, by 5:00 P.M. Friday November 9, 1979 to complete an entry blank. On Monday November 12, 1979 a drawing will be held to pick the winners for all eight dates and sixteen tickets. Winners will be notified in writing. Tickets should be picked up one week in advance to the date of the game. If the tickets are not picked up one day before the game, they will be given away on a first come first served basis.

### SHUTTLE BUS SERVICE

Shuttle bus service jointly sponsored by RPSLMC and Cook County Hospital between the medical center and Union and Northwestern train stations will begin Thursday November 1, 1979. The daily service (Monday through Friday except holidays) will begin at Union Station, proceed to Northwestern station and end at the medical center. Return buses will leave from the medical center and stop first at Union Station and proceed to Northwestern station.

The bus will leave from the east side of Canal Street in front of Union Station. (Marlenan Building entrance) every 15 minutes beginning at 6:00 a.m. until 9:30 a.m. It will then proceed to the northwest corner of Madison and Canal in front of the Northwestern Station. The bus will stop at the northeast corner of Harrison and Paulina and the corner of northeast Harrison and Wood. Return service to the train stations will begin at 3:00 p.m. until 6:30 p.m. with buses leaving every 15 minutes from either the southwest corner of Harrison and Paulina or the southeast corner of Harrison and Wood.

Tickets will be sold in 20 ride books. The price is \$12.00 per book. Tickets are available at the main cashier on the first floor in Kellogg pavilion.

### VACATION TRAVEL TIME

Through cooperation with the University of Illinois Campus Recreation Department, Rush University students have the opportunity to participate in the following two trips:

Christmas Break Ski Trip: To Winter Park, Colorado, December 8 - 15, 1979. Experience the breath-taking thrills of schussing down the more than fourteen trails on Winter Park Mountain and the dozen more trails on Mary Jane Mountain. Runs like the "Drunken Frenchman" and "Wild Hare" will challenge the most experienced skier on more than one dozen Black Diamond trails. Beginners and Intermediates will love the many beautiful and exciting trails designed to accommodate and improve skiers of every ability level.

### Vacation Travel Time cont'd

Included in this package program are seven nights' lodging at the Beaver Village Lodge, with two all-you-can-eat meals per day; six days of lift tickets; and twenty hours of ski instructions given by the Winter Park Ski School Instructors. Also included in the package price of \$475.00 (quad occupancy) is round trip air fare and ground transportation to and from the airport; If you are not interested in the ski instruction the price drops to \$425.00.

Christmas Break Caribbean Trip: Cozumel, Mexico departing on two different dates: December 8th and December 15th, 1979. Spend eight days and seven nights on the tropical island of Cozumel, which is off the coast of Mexico's sacred island of the Mayans, tucked into a crystal clear corner of the Caribbean.

Aside from lazing in the sun, Cozumel offers a variety of activities. You can visit the ancient Mayan ruins of Tulum; water ski, sail, scuba dive and snorkel, and/or try your hand at deep sea fishing.

Included in this package are: Roundtrip air transportation; transportation and luggage transfer between airport and hotel, and seven nights' accommodations in the Cozumel Caribe Hotel. Meals are not included.

The total price of the package described above is \$379.00 based on double occupancy. (Add \$65.00 for single room; subtract \$15.00 per person for triple room)

If you have any questions regarding these trips, come to the Office of Student Affairs, room 101 Schweppe. Application forms are also available in 101 Schweppe.

### BACKGAMMON TOURNAMENT

The Office of Student Affairs will sponsor a Backgammon Tournament in mid November. The tournament will be double elimination and prizes will be awarded to the winners. Start perfecting your game now! For more information call x6302 or stop by 101 Schweppe.

### WINTER WONDERLAND SNOWFALL CONTEST

The Office of Student Affairs will be sponsoring a contest to guess the date of the first official measurable snowfall in Chicago. Prizes will include Chicago Black Hawk hockey tickets, dinner at Mama Sue's, and a bottle of wine.

All guesses must be submitted to the Office of Student Affairs room 101 Schweppe, by 5:00 p.m. Friday November 16, 1979. Guesses must include the date and time either A.M. (12 midnight to 12 noon) or P.M. (12 noon to 12 midnight) along with your name, address, and telephone number.

Winter Wonderland Snowfall Contest cont'd.

Winners will receive notification as soon as it snows. If we are lucky we will not have a winner. Keep your fingers crossed!

RACQUETBALL AND RUNNING

Lehman Courts, a private recreational facility, is offering a discount membership to Rush students for \$40.00 per year. This represents a \$15.00 savings. Court time for the racquetball courts varies from \$8.00 - \$12.00 per hour depending on the time of usage. Club usage fees are \$2.50 per visit if the racquetball courts are not used.

The recently constructed health club has 14 championship racquetball/handball courts, men's sauna and wet steam room, women's sauna, men's and women's fully carpeted locker room with lounge area and T.V., a track, and a fully outfitted exercise room.

Further information and applications are available in the Office of Student Affairs room 101 Schwappe.

DOLLARS AND SENSE - FINANCIAL AID INFORMATION

Tuition Reimbursement - Memorial Hospital of DuPage County  
A tuition reimbursement program for students pursuing a nursing degree has been announced by the Memorial Hospital of DuPage County located in Elmhurst. Those selected will be obligated to work for the hospital for one year, as per the terms of the agreement. Up to \$2,000.00 will be reimbursed for the final year of tuition costs providing the following criteria is met:

- 1) Maintain a full time course of study
- 2) Maintain a "B" average

It is expected that the student will graduate and pass the state licensure exam to fulfill the conditions of the agreement.

If you are interested; information about the program is available in the Financial Aid office on 101 Schwappe, or you may call Shirley Glinke at 833-1400 x749.

men and women residing in Cook County. The application can be obtained by writing to the Scholarship Secretary, Jewish Vocational Source, One South Franklin Street, Chicago Illinois, 60606. The final date of submission is February 15th.

SUMMER STUDY ABROAD

Once again this year, Rush University in conjunction with the Institute of European Studies, will be sponsoring a summer program on British Health Care. The summer session is offered at the Institute's school in London, England and is tentatively scheduled to run from June 2, through July 11, 1980.

Content covered in the summer session includes a course on the national health service in England and Wales, taught by Mr. John Carrier of the London School of Economics. Students in the program can then select one other course offering from the other IES offerings. Also this year, there is a possibility of an additional field study course on British Health Care.

The cost of the summer program is \$900.00 per student. A deposit of \$150.00 (which will be applied to the \$900.00 tuition) is needed by January 15, 1980

For further information contact Sandra Shelley, Acting Director of the Undergraduate Program, College of Nursing, at 942-6341.

CAREER PLANNING INFORMATION - Janet Heckman Practitioner/Teacher

With graduation but a half year away, career planning is an important consideration of many students. The importance of your first nursing position; where to look for it; and how to know if it's the right one for you, are questions many graduating students struggle with before deciding upon their first position.

A special hour presentation and discussion on Interviewing will be held on Monday, November 19, 1979 at 12:00 noon to 1:00 p.m. in Room 317 of Schweppe Sprague Hall. The agenda will include:

- 1) Importance of your first professional nursing position;
- 2) How to choose the right institution and position for you;
- 3) Interviewing techniques;
- 4) Sample interviews will be role-played and analyzed.

RUSH RESOURCE NURSE - Janet Rohlf

RPLSMC has employment opportunities for registered nurses who are interested in working only one or two shifts a week. A Rush Resource Nurse can earn extra dollars while keeping skills current and grow professionally. Hours are flexible.

Rush Resource Nurse - Janet Rohlf cont'd

You may request a permanent shift.

For more information about this program, contact Janet Rohlf, Manager, Nurse Recruitment at 5958.

STATE BOARD RESULTS - NURSING - Sandra Shelley

There is a correction to the article on the State Board Test Pool Examination which appeared in the October issue of the Rush Reporter.

It was erroneously reported that the statistics listed were representative of the College of Nursing Graduates who took the exam in July, 1979. The statistics listed were representative of those Rush graduates who took the exam in July 1978.

CAR POOL INFORMATION

Anyone interested in forming a car pool should come to the Office of Student Affairs, Schweppe 101. Thirty people took advantage of the program at Registration. The commuter map of participants is posted in the seventh floor hallway of the Academic Facility on the north wall of the Student Lounge.

CONVERSATION UPDATE - NURSING

A conversation update with Dean Luther Christman of the College of Nursing will be held on Monday November 12, 1979 from 12:00 noon to 1:00 in Schweppe Sprague Auditorium. This is a good opportunity to discuss issues and concerns of nursing student life at Rush. Bring your lunch!

STUDENT MAILBOX

A student mailbox has been installed in the mailroom on the seventh floor of the Academic Facility. Any mail to be delivered to fellow students only should be deposited in this box.

MUSIC ENSEMBLE

If you play a musical instrument and are interested in playing in an ensemble, come to the Office of Student Affairs room 101 Schweppe and complete a questionnaire. This idea is in the organizing phase. Your help is needed to get it off the ground. There are a limited number of spaces for each instrument, so please make plans to complete the questionnaire as soon as possible.

WHERE TO SNACK IN THE AC FAC

The lounge area on the 7th floor of the Academic Facility has been set aside as a place to have lunch or snacks, anytime during the day or evening. Your cooperation is needed in restricting food consumption to the lounge area. Recently, complaints have been received about the Learning Resource Center being used as a snack area, particularly during the evening hours. As a reminder, food and drinks should not be taken into the Library and Lecture Halls. Your cooperation in keeping the study area clean and pleasant will be very much appreciated.

ONCE UPON A TIME...

Once upon a time, the king of a jungle tribe was given a golden throne by his affectionate people. He was so proud of it- and so afraid of having it stolen- that every night before he went to bed he would hide the throne up on the rafters of his grass hut. Unfortunately, one night the rafter poles broke and the throne fell down and killed the king. As the witch doctor later observed; "This proves that people who live in grass houses shouldn't stow thrones."

## WORLD'S GREATEST NEWSLETTER

NOVEMBER 30, 1979

VOLUME THREE  
NUMBER FOUR

This reporter, coming from the Woodward and Bernstein school of journalism, has come upon a news story that will affect many at Rush University. A highly informed administrative source, has divulged that the parking garage, located on the corner of Harrison and Paulina Streets, will cease to exist within a year.

This announcement came as a result of a meeting held last week by the Space Management Committee. It seems that with the recent addition to the parking garage, and the high cost of gasoline keeping many drivers away, the utilization of the space in the parking garage has been extremely poor. Therefore, a parking garage is no longer necessary.

The question arose of what to do with the structure. The committee solicited ideas from throughout the Medical Center complex.

After much deliberation, the committee recommended that the structure be converted into the Rush University Athletic Complex. Late last night the Board of Trustees adopted the resolution.

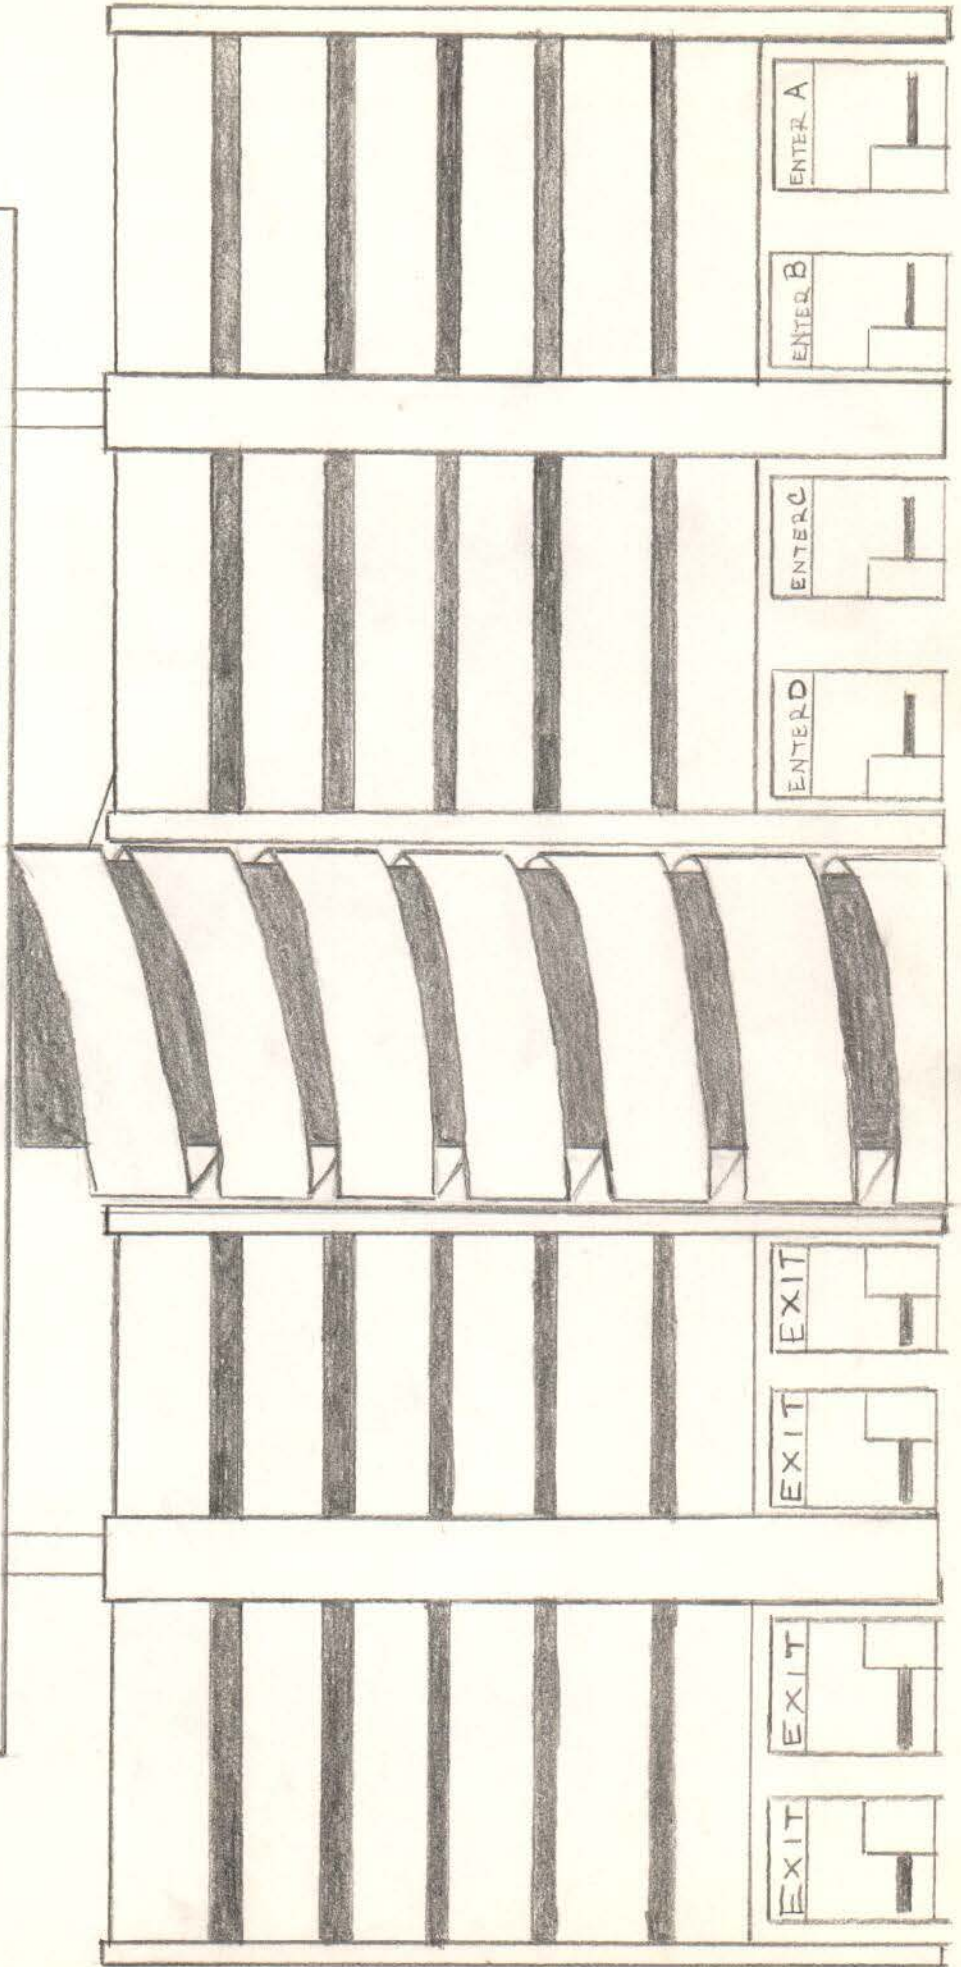

Several ideas and changes are now in the offing. The current parking garage director, Glenn Harer, has been hired on an interim basis as Rush University's first athletic director. When reached for comment he was evasive, but did mention some of the ideas planned for the new complex.

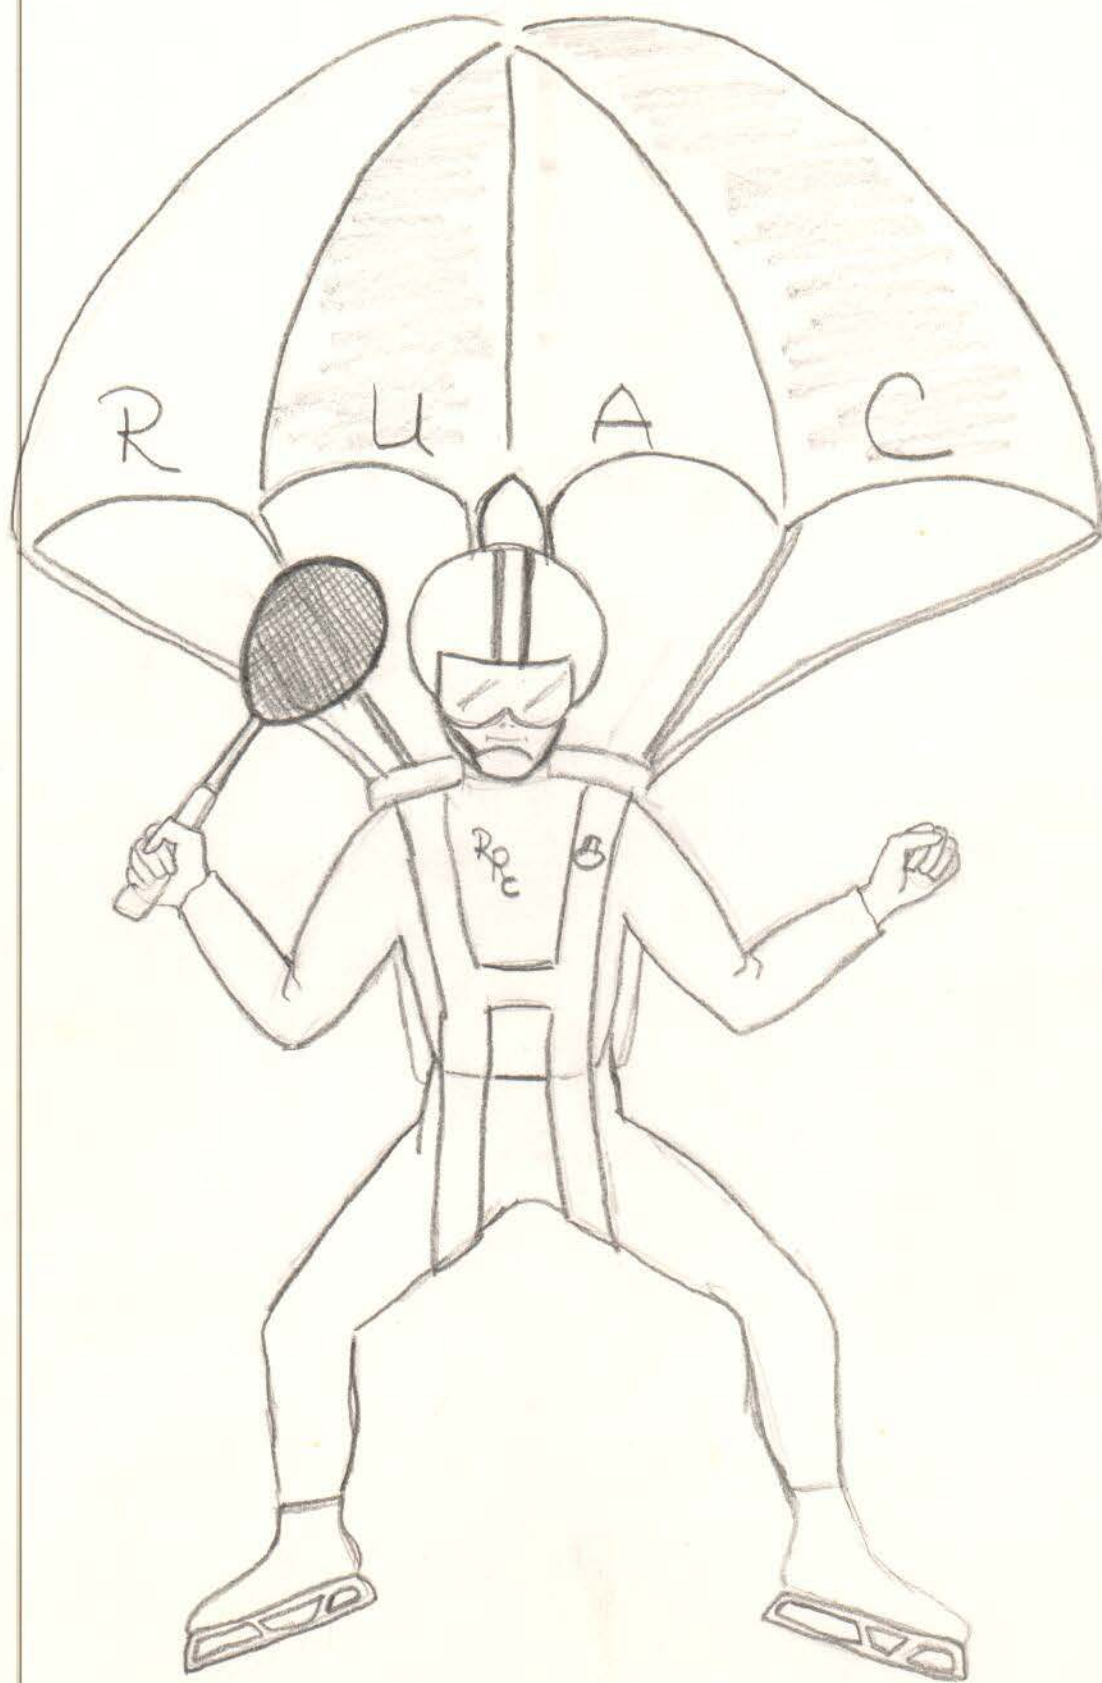

The current exit ramp will be converted into a bobsled run next winter with downhill skiing on the ramp on Saturdays only. This run should not be attempted by novices however, Harer cautioned.

All currently abandoned cars will be lined up side by side for barrel jumping enthusiasts. The cars will be placed on the upper level after a six inch sheet of ice is in place. All participants will be given approximately 100 yards to build up enough speed to become airborne to leap over the cars. Parachutes will also be issued for those jumpers who accidentally jump over the guard rails.

# Rush University Athletic Complex

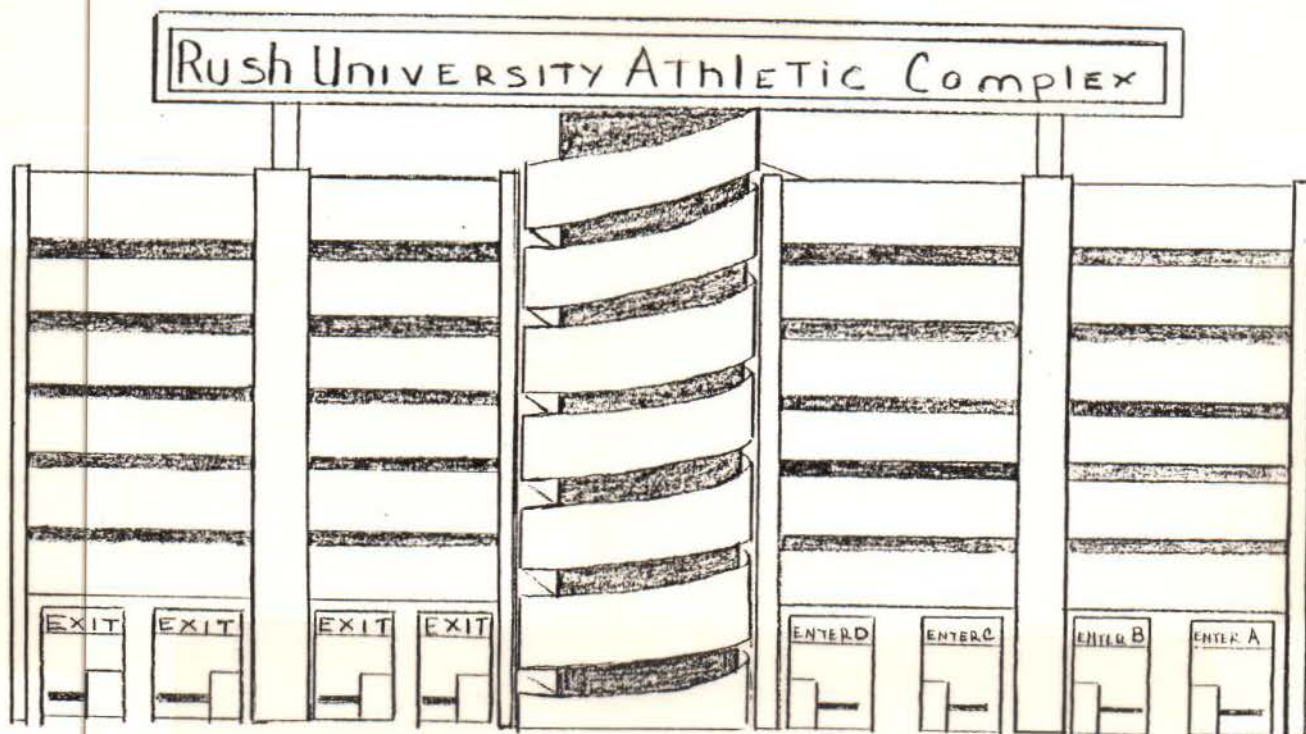

The traditional indoor facilities normally associated with an athletic complex are also being considered. Plans are on the drawing board for converting the toll booths into saunas. Shower facilities will be on the ground floor, thereby utilizing rain water collected from upper floors. A weight room was going to be installed on the third level of the facility, but there was some concern about the weights rolling to the lower levels. Hopefully, a new location will be found. All former cement parking barriers will be placed on stands to be used as balance beams for gymnastics.

Finally, 98 bowling lanes will be installed on the second level. Forty-nine of these lanes will be built on a downward slope and the other forty nine will be built with an upward slope. This is a new concept for bowling, and Harer is hoping it may catch on throughout the midwest.

Spring activities include the installation of tennis courts on the upper level. The rules of the game will change slightly with only two balls issued to the participants. When the two balls are lost, the game will be over.

Pole vaulting for those under five feet tall will also be held in the Spring. This will take place on the third level. Another track event scheduled is straight line javelin throwing.

These plans are all tentative according to the new athletic director. However, the dedication ceremonies have already been solidified. World class runners have been invited to try to break the record for the uphill and downhill half-mile. The existing record stands at two hours and fourteen minutes uphill and thirty-two seconds downhill.

#### THEATRE TICKET INFO

Tickets are now on sale for the Broadway musical THEY'RE PLAYING OUR SONG. Tickets for the Thursday, January 24th performance at the Shubert Theatre are \$15.75 per person. If you are interested in attending, please contact the Office of Student Affairs by December 14.

Tickets are also available for the play THE ELEPHANT MAN, which will begin a ten week engagement at the Blackstone Theatre in late December.

Based on an actual case history, THE ELEPHANT MAN tells of John Merrick who was rescued from the world of side-show exhibitions

by Frederick Treves, a Victorian surgeon. Ironically in Treves' hospital, Merrick becomes the darling of society, ending his final years receiving the elite of London from his room. Among those eminent Victorians who come to know Merrick is actress Mrs. Kendal, who brings warmth and humanity to the freak ELEPHANT MAN.

The distinguished cast of the national touring company is headed by the amazing Philip Anglim, who created the title role in the Broadway Company. THE ELEPHANT MAN, which garnered many prestigious prizes including the coveted Tony Award and New York Drama Critics' accolade as the "best play of 1979," received high praise from media critics. They were unanimous in proclaiming THE ELEPHANT MAN "Broadway at its Best!"

If we can interest a group of at least 25 persons, we will receive a special discount price of \$7.00 per ticket. This price applies to weekday evening performances. If you are interested or think you might be interested in signing up for tickets, contact Ann in the Student Affairs Office, ext. 6302.

SUMMARY OSR - AAMC NEWS

A summary of the Annual Organization of Student Representatives - Association of American Medical Colleges meeting in Washington D.C. November 3 - 6. Submitted by Mary Barton - OSR representative.

The following resolutions, passed by the OSR reflect the focus of interest and effort for the coming year:

1. The guarantee of due process in defining guidelines for student evaluation and promotion.

2. That the OSR explore means of incorporating other topics, i.e. nutrition, gerontology, sexuality, into the pre-clinical curriculum and that this be a part of an overall move to evaluate current curricula.

On November 8 the Senate Subcommittee on Nutrition held a hearing on the present status of nutrition training for health professionals.

3. That the OSR encourage the AAMC to consider representation of housestaff in the organization. Discussion of this issue reflected support on the part of the OSR for the Thompson amendment which is scheduled to be voted on by the House on November 15 or 16. This bill would define housestaff as employees for purposes of the NLRB.
4. That the National board exam undergo two fundamental and basic changes: Pass/Fail performance as the only record. Notification of scores be restricted to students and licensing boards.

This issue was discussed in detail due to the apparent shift in use of NBME from licensure to evaluation and the eventual replacement of the NBME by FLEX for licensure. It was argued that it is now possible to withhold test scores from the medical school by writing a special letter to the NBME. This is to be investigated further.

5. That the OSR assign a committee to investigate the effect of the New York Standardized Testing Act on the medical community.

On November 9 the AAMC filed suit against the State of New York. It states that the New York Freedom of Information Law is an infringement of the association's copyright of the MCAT and is, therefore, a violation of the Federal Copyright Act and deprives the AAMC of its property without due process of law. In order to give students a more detailed picture of their own strengths and weaknesses, the AAMC has offered to expand its report to examinees by providing 11 subcores: 3 for biology, 5 for chemistry, and 3 for physics.

6. That the OSR investigate the use of the GME questionnaire for the keeping of records regarding graduate's experiences at other institutions.

There were several fine presentations in small groups:

1. Working with the political process in health outlined the following guideline for effective input:

Pick an issue of importance to you  
research it - KNOW THE FACTS  
contact the people in power  
BE THERE  
don't get discouraged - don't connect success with ego.

This sounds elementary - Poli Sci 101 all over again! It is. But it is also important in attaining any goal - be it local, i.e. losing anonymity, or national, i.e. funding of medical education.

2. Stress and self-relaxation techniques were eloquently addressed by Dr. Lester Libo from the Western region. He described several possible reactions to stress: Autonomic (perspiring) visceral (upset stomach, diarrhea), and central (headaches) or any combination thereof. When faced with stress we have several options:

- a. Leave
- b. Change the situation
- c. Intensive Psychoanalysis
- d. Treat the symptoms

He taught us several self-relaxation techniques. I have copies of his handout for anyone interested - it is informative and concise.

Other small group discussions included: The medical school accreditation process, the role of support systems in medical school, and cost effectiveness in education.

There are openings for student representatives of the following AAMC committees:

1. Committee of Student Financial Assistance
2. Group Student Affairs-Minority Affairs section Coordinating Committee
3. Task Force on Support of Medical Education
4. Liaison Committee on Medical Education
5. Flexner Award Committee

If you are interested in serving on any of these committees, please contact me.

#### BOOKSTORE INFO

No time for Christmas shopping? Stop in the Rush University Bookstore. We have numerous titles of paperbacks on sale, an extensive line of high-fashion "Rush" softwear - T shirts, jogging outfits, hooded sweatshirts, and a line of children's T shirts and sweatshirts, tote bags, and back packs. Also in stock is the famous "Intern" game.

If you need something to use as a stocking stuffer, try the "No Nonsense" boxed pens in ball point, felt tip, rolling ball, and fountain styles. The "Kaleidoscope" pen which comes in various interesting designs is also available. In addition, the entire line of Cross pens has been discounted. Engraving of these fine pens is available for additional cost of \$2.25 per line.

If you have any aspiring gourmet chefs on your shopping list, the "Good Taste" cookbook is also available.

The Bookstore is open Monday - Thursday from 10:00 a.m. - 2:00 p.m.

#### RESIDENT STUDENT DOOR DECORATING CONTEST

In an effort to brighten your Finals Week and add to the Holiday spirit, the Student Programming Board is sponsoring an Apartment and Dormitory Door Decorating Contest.

Doors will be judged on uniqueness, creativity and style. A selected panel of judges will tour the decorative doors on Monday, December 3, 1979. The winner will be announced on Tuesday, December 4, 1979. Prizes will be awarded.

Those of you wishing to enter the competition should stop by the Office of Student Affairs, 101 Schweppe, to sign-up and pick up a safety regulations sheet. We do have some guidelines for you to follow when decorating.

Attention Campus Residents: So, you've always wanted to play Santa Claus but been embarrassed by the get-up! Well - worry no more; your day has come - or days, as in this case. Your opportunity to be "Santa Incognito" will occur from Thursday, November 29 through Monday, December 3. Here's what to do! Drop by Schweppe 101 and give Ann Bartolotta your name and room #. She'll collect them all and have each of you draw a name. You become that person's Secret Santa Claus. So then what? During Santa Days, brighten the life of the person whose name you draw - leave a "good luck on today's exam" note; leave a late afternoon snack; give a McDonald's gift certificate. Use your imagination. On Monday evening, December 3, everyone gets together for some hot chocolate, donuts, maybe some Christmas singing, etc. at 6:30 p.m. in Schweppe Sprague Auditorium. For more info, call Ann at 6302.

#### LEARNING RESOURCE CENTER HOURS DURING INTERCESSION

During intercession, December 9 through January 2, the Learning Resource Center will be open weekdays, 8 a.m. to 5 p.m. (Christmas and New Year's Day excepted)

#### STOP SMOKING PROGRAM

A stop smoking program will be held each Monday and Wednesday from December 3 to the 19th from 12:00 noon to 1:00 p.m. in room 303 Schweppe Sprague. A \$10.00 deposit is requested which will be refunded upon completion of the course. For more information call Jean Moore, Health Education, at ext. 8092 or 6060.

#### WEIGHT LOSS PROGRAM

An approach to permanent weight loss will be presented every Tuesday for twelve weeks at 12:00 noon or 5:00 p.m. beginning January 22, 1980. There is a \$10.00 registration fee which will be waived for Anchor members. Learning to Eat, a textbook by J. Ferguson M.D. will be used in the class. Its cost is \$6.00. A \$25.00 incentive fee to complete the course will be refunded after course completion. Fees are due at the first class. For more information contact Jean Moore at ext. 8092.

### SCHOOL CLOSING PROCEDURES

The following policy has been adopted in regard to school closing in weather and other emergencies:

Rush University will remain open except in the most unusual weather circumstances or other emergencies. In all cases faculty and students directly involved in providing patient care functions are expected to make every reasonable effort to be on campus. Purely didactic classes may not be held on certain days when traveling is judged to be exceptionally hazardous or difficult.

The only radio station which will be contacted to announce authorized closings will be WBBM Newsradio 78. The telephone operators at Presbyterian-St. Luke's Hospital will also be notified. PLEASE DO NOT CALL OTHER UNIVERSITY OFFICES OR PERSONS.

You should know that Rush will close only when conditions are exceptionally hazardous or difficult, which occurs very rarely. In most cases, the University will be open.

If you have questions, please contact the Office of Student Affairs in room 101, Schweppe Sprague.

### DOLLARS AND SENSE - OFFICE OF FINANCIAL AFFAIRS
